General Information for Deer and Turkey Seasons

Definitions

Deer: White-tailed deer and mule deer.

Antlered Deer: A deer with at least one antler a minimum of 3 inches long, except that special antler-point restrictions apply in some counties. See Page 13.

Take: To hunt, pursue, wound, capture, or kill any wildlife in any manner. This includes acts of assistance to other people who are attempting to take wildlife. Leashed dogs under the direct control of a handler or drones may be used to track wounded deer and turkeys, and their use in this manner is excluded from the definition of take (see Page 5).

Hunter-Orange Requirement

You must wear hunter orange if:

- You are hunting any species of game during firearms deer season. Some exceptions are allowed. See below.
- You are hunting on an area that is having a managed firearms deer hunt.
- You are serving as a mentor to another hunter during firearms deer season or while on an area that is having a managed firearms deer hunt.

You must wear both a hunter-orange hat and a hunter-orange shirt, vest, or coat. The color must be visible from all sides. Camouflage orange does not satisfy this rule.

You don't have to wear hunter orange if:

- You are hunting migratory game birds.
- You are archery hunting within municipal boundaries where the discharge of firearms is prohibited.
- You are hunting on federal or state land where deer hunting is restricted to archery methods.
- You are archery or small game hunting in a closed county during the antlerless or CWD portions.
- You are using an archery permit during the alternative methods portion.
- You are hunting small game or furbearers during the alternative methods portion.

Assisting Other Deer and Turkey Hunters

During the youth portions of firearms deer season, adults who accompany youth hunters do not need a deer hunting permit. The adult must be 18 or older and hunter-education certified or born before January 1, 1967. At all other times, you must have a filled or unfilled deer hunting permit to assist others in taking deer, which includes participating in deer drives or enticing deer with calls or rattling antlers. You must have a filled or unfilled turkey hunting permit to assist others in taking turkeys, which includes calling. You do not need a permit to help another hunter track a wounded deer or turkey with the use of dogs or a drone (see Page 5). It is illegal to shoot a deer or turkey for another hunter. Party hunting where hunters pool their permits is prohibited.

Methods Prohibited

- Electronic calls and electronically activated calls may not be used or possessed while hunting deer or turkeys.
- Dogs (see Page 5).
- Artificial lights may not be used to spot, locate, or take deer or turkeys.
- Night vision equipment and thermal imagery devices may not be used or possessed while hunting.
- Poisons and tranquilizing drugs may not be used. Arrows, bolts, and darts must not contain chemicals or explosives.
- Slingshots may not be used to take deer or turkeys.
- Wildlife may not be taken from or across a public roadway with a firearm, bow, or crossbow.
- Deer and turkeys may not be taken from or with the aid of a motor-driven land conveyance or aircraft (see Page 5).
- Live decoys may not be used or possessed while hunting turkeys.
- Deer may not be taken while they are in a stream or other body of water, or from any boat with a motor attached, regardless of whether the motor is running or not.
- Deer may not be taken within any area enclosed by a fence greater than 7 feet in height, except in licensed hunting preserves.

Baiting Regulations

- Use of bait while hunting is illegal. Bait includes grain or feed placed or scattered to attract deer or turkeys.
- An area is considered baited for 10 days after complete removal of the bait.
- A hunter can be in violation if they take or attempt to take a deer or turkey by the aid of bait where the hunter knows or reasonably should know that the area is or has been baited.
- It is illegal to place bait in a way that causes others to be in violation of the baiting rule.
- Doe urine and other scents may be used to attract deer while hunting, as long as the scents are not used on or with grain or other food products.
- Mineral blocks, including salt, are not considered bait. However, mineral blocks that contain grain or other food additives are prohibited.
- The use of mineral blocks and salt is not allowed on conservation areas.
- It is legal to hunt over a harvested crop field, but it is not legal to add grain or other crops, such as apples, to the field after it has been harvested.
- Manipulating crops, such as mowing or knocking them down, is not considered baiting for deer and turkeys; however, it is illegal to hunt waterfowl over manipulated crops.
- **Additional rules apply in the Chronic Wasting Disease (CWD) Management Zone. See pages 6–12.**

Hunting Near Floodwaters or Fire

Wildlife, except waterfowl, may not be pursued or taken while trapped or surrounded by floodwaters or while fleeing from floodwaters or fire. Flood-prone areas in southeast Missouri are closed to all hunting, except for waterfowl, during the fall deer and turkey hunting seasons when river levels exceed certain limits on local river gauges. To see if an area is open or closed for hunting, visit **mdc.mo.gov/semofloods**.

Antlered Deer Limits

- You may take only two antlered deer during the archery and firearms deer hunting seasons combined.
- Hunters using an archery permit may take only one antlered deer before the November portion of firearms deer hunting season.
- Only one antlered deer may be taken during firearms deer hunting season (all portions combined).
- Deer taken on a managed hunt permit do not count toward your firearms or archery season limits.

Tree Stands on Conservation Areas

Portable tree stands may be placed on conservation areas only between Sept. 1 and Jan. 31. Unattended stands must be plainly labeled with your full name and address, or Conservation Number. You may not use nails, screw-in steps, or any material that would damage the tree. Tree stands must be removed before Feb. 1.

Portable Blinds on Conservation Areas

Portable blinds are permitted on conservation areas, but they must be removed from the area daily and may not be left unattended from 10 p.m. to 4 a.m. It is recommended that blinds be labeled with the owner's contact information and hunter-orange be displayed on the exterior of the blind to aid other hunters in locating and avoiding the blind.

Missouri Outdoor Recreational Access Program

Special rules apply on areas enrolled in the Missouri Outdoor Recreational Access Program (MRAP). For example, on MRAP areas you must remove your tree stand when you leave each day. When hunting on an MRAP area, it is your responsibility to read and follow the rules that are posted at the area.

Retrieval of Game

If you kill or injure a deer or turkey, you must make a reasonable effort to retrieve and include the animal in your season limit. However, this does not authorize trespass. It is illegal to leave or abandon commonly edible portions of game.

Dogs

You may not use dogs or bring them with you while hunting deer or turkeys. However, leashed dogs under direct control of a handler may be used to track and recover wounded deer and turkeys. Handlers and other people assisting with tracking do not need hunting permits, provided they are not the person who wounded the deer or turkey. They may not have in their possession a firearm, bow, or crossbow, except for concealable firearms as defined in Chapter 571, RSMo. Concealable firearms possessed under this exception may not be used to take wildlife.

Drones

You may use drones (unmanned aerial vehicles) to locate wounded deer and turkeys. Before launching a drone, you must get permission from the public or private property owner. To use a drone on a conservation area, you must get permission from a conservation agent. Drone operators do not need hunting permits, provided they are not the person who wounded the deer or turkey. While the drone is in flight, no one may have in their possession a firearm, bow, or crossbow, except for concealable firearms as defined in Chapter 571, RSMo. Concealable firearms possessed under this exception may not be used to take wildlife. For additional rules, see 3 CSR 10-7.410 of the *Wildlife Code of Missouri*.

Giving Away Deer and Turkeys

You may give your deer or turkey to another person, but the game counts toward your season limit. Deer and turkeys that are given away must be labeled with the taker's full name, address, date taken, and Telecheck confirmation number.

Possession, Storage, and Sale

Properly checked deer and turkeys may be possessed by anyone if labeled with the taker's full name, address, date taken, and Telecheck confirmation number. The Telecheck confirmation number must remain attached to the carcass until processing of the animal begins.

Deer left at processing or cold storage plants must be claimed by May 1 following the season taken. Turkeys may not be possessed after Feb. 15 following the season taken.

For additional rules on the sale and possession of legally obtained deer antlers, turkey feathers, and other wildlife parts, see 3 CSR 10-10.768 in the *Wildlife Code of Missouri*.

Keep Carcasses Out of Streams and Lakes

It is illegal to place a deer carcass or any of its parts into any well, spring, brook, branch, creek, stream, pond, or lake.

Chronic Wasting Disease Information

Special regulations apply in Chronic Wasting Disease (CWD) Management Zone counties (see map on Page 7):
- Carcass movement restrictions
- Mandatory sampling for deer harvested Nov. 16–17, 2024, in 43 of the 70 CWD Management Zone counties
- Prohibition on the use of feed and minerals

Chronic wasting disease is a fatal illness that affects deer, elk, and other members of the deer family. CWD threatens Missouri's deer herd, hunting traditions, and many businesses supported by hunting. Special regulations were put in place within the CWD Management Zone to slow the spread of the disease.

Carcass Movement Restrictions

Deer Harvested in the CWD Management Zone

Deer harvested in the CWD Management Zone must be reported through Telecheck before any parts are transported out of the county of harvest.

Whole carcasses of deer (and parts that include the brain or spinal column) harvested in the CWD Management Zone (see map on Page 7) may not be transported out of the county of harvest, except that:
- Deer carcasses may be delivered to a licensed meat processor within 48 hours of leaving the county of harvest.
- Deer heads may be delivered to a licensed taxidermist within 48 hours of leaving the county of harvest.
- Deer heads may be delivered to an MDC-approved CWD sampling location within 48 hours of leaving the county of harvest. **Note:** On Nov. 16–17, 2024, heads must be taken on the day of harvest to a mandatory CWD sampling station listed on pages 8–12.

The following parts can be transported out of the county of harvest without restriction:
- Meat that is cut and wrapped or that has been boned out
- Quarters or other portions of meat with no part of the spinal column or head attached
- Hides from which all excess tissue has been removed
- Antlers or antlers attached to skull plates or skulls cleaned of all muscle and brain tissue
- Finished taxidermy products

Deer Species Harvested Outside of Missouri

For caribou, deer, elk, or moose harvested out of state, only the following parts may be brought into Missouri: meat that is cut and wrapped or that has been boned out, quarters or other portions of meat with no part of the spinal column or head attached, hides from which all excess tissue has been removed, antlers, antlers attached to skull plates or skulls cleaned of all muscle and brain tissue, upper canine teeth, and finished taxidermy products. Additionally, the head with the cape and not more than 6 inches of neck attached may be brought into Missouri only if taken to a licensed taxidermist within 48 hours of entry.

Prohibition of Feed and Minerals

Grain, salt products, minerals, and other consumable products used to attract deer are prohibited year-round within CWD Management Zone counties (see map on Page 7). The following exceptions are allowed:
- Feed placed within 100 feet of any residence or occupied building
- Feed placed in a manner that excludes access by deer
- Feed and minerals used solely for normal agricultural, forest management, or wildlife food-plot production practices
- Feed placed as part of a feral swine or CWD management effort authorized by the Conservation Department

Mandatory Sampling

During Nov. 16–17, 2024, hunters who harvest a deer in designated CWD Management Zone counties (see map on Page 7) must take the deer (or its head) on the day of harvest to a mandatory CWD sampling station listed on pages 8–12.

Tips for visiting mandatory sampling stations:
- Field dress and Telecheck your deer before arrival. You can bring the whole deer or just the head and neck. It is OK to remove the cape before you get to the sampling station.
- The person who harvested the deer must be present.
- Be prepared to provide your Telecheck ID.
- If using a paper permit, have it detached from the deer for easy access. If using the MO Hunting app, have your permit and Telecheck information readily available.
- Position the deer in your vehicle with the head and neck accessible.
- Be prepared to point to the harvest location on a map or provide the township, range, and section where the deer was harvested.

Voluntary CWD Sampling

Opportunities for free CWD testing are available throughout the entire deer season regardless of the county of harvest. MDC encourages hunters that harvest deer in CWD Management Zone counties to have their deer tested for CWD. For more information, visit **mdc.mo.gov/cwd** or call your local MDC office.

CWD Test Results

To Get Your CWD Test Results

1. Go to **mdc.mo.gov/cwdtestresults**.
2. Enter your Telecheck ID or Conservation ID number.

Donating Deer to Share the Harvest

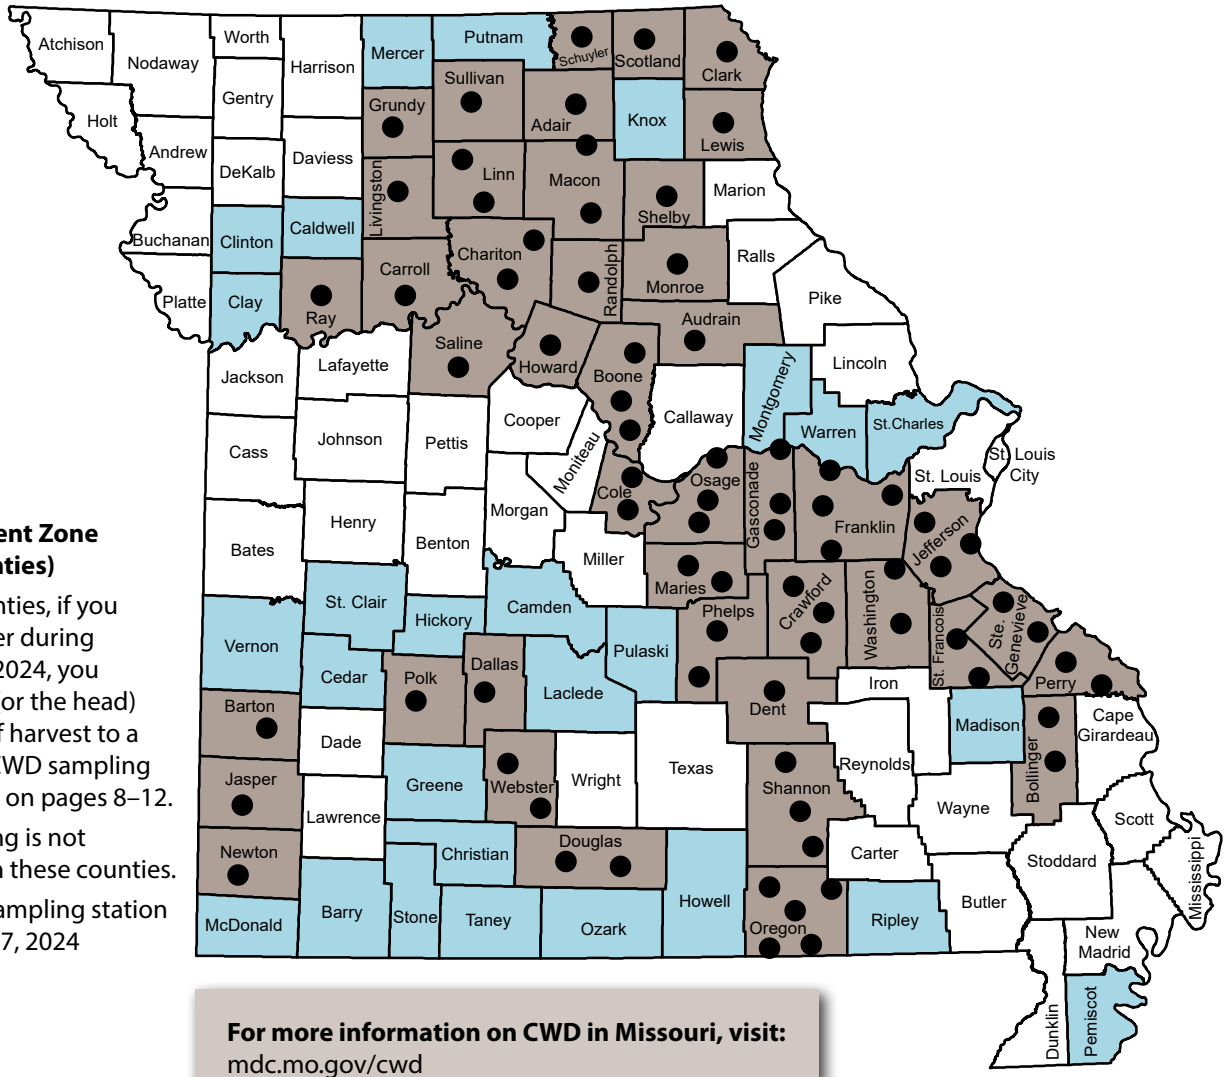

Deer harvested from CWD Management Zone counties (see map on Page 7) may be donated to Share the Harvest only if they are tested for CWD and are taken to a processor participating in the Share the Harvest CWD Testing Program. See Page 74 for details.

CWD Management Zone

Special regulations apply in CWD Management Zone counties. For the 2024–2025 deer seasons, the CWD Management Zone includes Adair, Audrain, Barry, Barton, Bollinger, Boone, Caldwell, Camden, Carroll, Cedar, Chariton, Christian, Clark, Clay, Clinton, Cole, Crawford, Dallas, Dent, Douglas, Franklin, Gasconade, Greene, Grundy, Hickory, Howard, Howell, Jasper, Jefferson, Knox, Laclede, Lewis, Linn, Livingston, Macon, Madison, Maries, McDonald, Mercer, Monroe, Montgomery, Newton, Oregon, Osage, Ozark, Pemiscot, Perry, Phelps, Polk, Pulaski, Putnam, Randolph, Ray, Ripley, Saline, Schuyler, Scotland, Shannon, Shelby, St. Charles, St. Clair, St. Francois, Ste. Genevieve, Stone, Sullivan, Taney, Vernon, Warren, Washington, and Webster counties. **Note:** Audrain, Boone, Cole, Dent, Douglas, Howard, Lewis, Maries, Monroe, Newton, Osage, Phelps, Randolph, Saline, Scotland, Shannon, Shelby, and Webster counties are new additions to the CWD Management Zone.

The following regulations apply in the CWD Management Zone:

- During Nov. 16–17, 2024, hunters who harvest a deer in designated CWD Management Zone counties (see map below) must take the deer (or its head) on the day of harvest to a mandatory CWD sampling station listed on pages 8–12.
- The use of grain, salt products, minerals, and other consumable products used to attract deer is prohibited year-round.
- Deer harvested from these counties must be reported through Telecheck before they can be removed from the county of harvest.
- Carcass movement restrictions have been put in place. For a list of carcass parts that may be transported from a county in the CWD Management Zone, see Page 6.
- CWD Management Zone counties are open for hunting during the CWD portion of firearms deer season. See Page 34.

CWD Management Zone (all shaded counties)

- In these counties, if you harvest a deer during Nov. 16–17, 2024, you must take it (or the head) on the day of harvest to a mandatory CWD sampling station listed on pages 8–12.
- CWD sampling is not mandatory in these counties.
- Mandatory sampling station for Nov. 16–17, 2024

For more information on CWD in Missouri, visit:
mdc.mo.gov/cwd
Or email questions to: cwdinfo@mdc.mo.gov

Chronic Wasting Disease (CWD) Information

Mandatory CWD Sampling Stations — Open 7:30 a.m. to 8 p.m.

If you harvest a deer from designated counties in the CWD Management Zone (see map on Page 7) during Nov. 16–17, 2024, you must take your deer (or the head) on the day of harvest to one of the following designated CWD sampling stations. **Note:** You must follow carcass movement restrictions when traveling to a sampling station. See Page 6.

County	Nearest City	Sampling Station	Address	GPS Coordinates	Directions From Nearest Highway/Intersection
Adair	Kirksville	NEMO Fairgrounds	2700 E. Illinois	40.196779, -92.551785	0.25 mile east on Hwy. 11 from Hwy. 63 bypass and Hwy. 11 E. intersection

Having Trouble Finding a Sampling Station?

Visit **mdc.mo.gov/cwd** or call your local Conservation Department office. **Note:** You must follow carcass movement restrictions when traveling to a sampling station. See Page 6.

Antler-Point Restriction

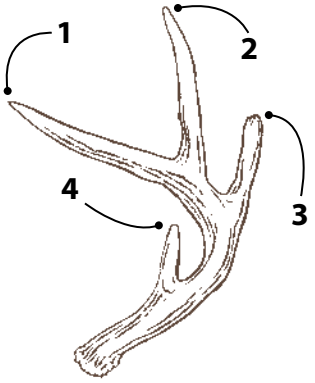

In the brown-shaded areas on the map above, only bucks that have at least four antler points on one side of their rack may be taken during the archery and firearms deer hunting seasons. See map on Page 63 for boundaries of Cass and Platte counties. Hunters who are 15 years or younger on Sept. 15, 2024, are exempt from the antler-point restriction during the archery deer season and all portions of the firearms deer season.

How to Count Points

Each of the following counts as a point:

1. The end of the main beam
2. An antler point, if it is at least 1 inch long
3. Any broken tine that is at least 1 inch long
4. The brow tine, if it is at least 1 inch long

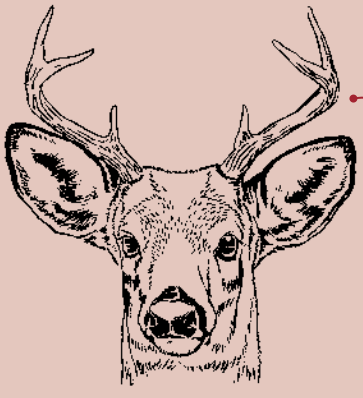

PROTECTED

Protected deer include all antlered deer (defined as having at least one antler 3 inches or longer) that do not have a minimum of at least four points on one side.

Bucks with spikes more than 3 inches long

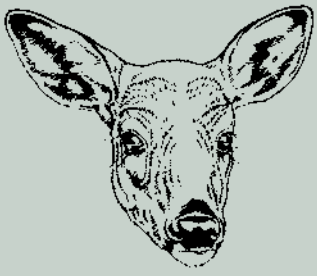

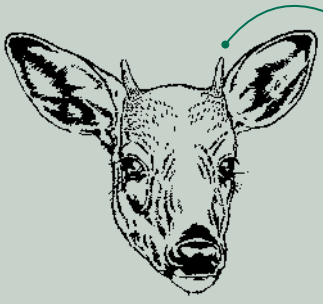

Bucks that do not have at least four points on one side

LEGAL

Does and button bucks

Bucks with spikes less than 3 inches long

Bucks with at least four points on one side

Hunting Other Game

Other game may be hunted during firearms deer season, but there are some restrictions. Please refer to the table below.

Species	Portion of Firearms Deer Hunting Season	Special Restrictions	Is Hunter Orange Required?
Quail and Pheasants	November portion Antlerless and CWD portions in open counties	Shot must be no larger than No. 4. This restriction does not apply to landowners hunting on land they own.	Yes
	Youth portions	None	Yes
	Alternative methods portion	None	No
Rabbits and Squirrels	November portion Antlerless and CWD portions in open counties	Only pistols, revolvers, rifles, or shotguns may be used. These firearms must fire .22 caliber or smaller rimfire cartridges or shot no larger than No. 4. This restriction does not apply to landowners hunting on land they own. Dogs may not be used during daylight hours of the November portion in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon, and Wayne counties.	Yes
	Youth portions	None	Yes
	Alternative methods portion	None	No
Waterfowl	All portions	None	No
Other Migratory Game Birds	November portion Antlerless and CWD portions in open counties	Shot must be no larger than No. 4.	No
	All other portions	None	No
Crows	November portion Antlerless and CWD portions in open counties	Only pistols, revolvers, rifles, or shotguns may be used. These firearms must fire .22 caliber or smaller rimfire cartridges or shot no larger than No. 4. This restriction does not apply to landowners hunting on land they own.	Yes
	Youth portions	None	Yes
	Alternative methods portion	None	No
Furbearers	November portion Antlerless and CWD portions in open counties	Dogs may not be used during daylight hours from Nov. 1 through the end of the November portion statewide and during the antlerless and CWD portions in open counties. In addition to a resident small game hunting permit or Nonresident Furbearer Hunting and Trapping Permit, **if you are hunting during daylight hours you must also possess an unfilled firearms deer hunting permit, and only deer hunting methods may be used**.	Yes
	Youth portions	None	Yes
	Alternative methods portion	None	No

Feral Swine

Feral swine are highly destructive and prolific pests. They cause significant damage to wildlife habitat, compete with native wildlife for food, prey upon native wildlife, destroy nests of birds such as turkeys, degrade natural areas and agricultural fields, pollute ponds and streams, and spread diseases to livestock, people, and pets. Feral swine must be eliminated in Missouri.

Report Feral Swine

- Report feral swine sightings and damage to 573-522-4115, ext. 3296.
- Releasing swine into the wild is illegal. If you see someone releasing swine, report violators to your local conservation agent.
- During deer and turkey seasons, opportunistic take of feral swine by hunters with an unfilled deer or turkey hunting permit is allowed on lands owned, leased, or managed by the Conservation Department. Outside of deer and turkey seasons, the taking of feral swine is prohibited on lands owned, leased, or managed by the Conservation Department.

The Conservation Department along with about 16 other agencies and organizations make up the Missouri Feral Hog Elimination Partnership. The Partnership is working with private landowners to eliminate feral swine from Missouri. Swine are social animals that travel in groups called sounders. Shooting one or two swine scatters the sounder and makes trapping efforts aimed at catching the entire group at once more difficult. With their high reproductive rate, removing only one or two swine does not help to reduce populations. Anyone who observes a feral swine or damage caused by feral swine should report it to the Conservation Department rather than shooting the animal.

[1] Special rules apply in the CWD Management Zone, including disease sampling requirements, carcass movement restrictions, and prohibition of deer attractants such as grain and salt. See pages 6–12. In addition, these counties are open for hunting during the CWD portion of firearms deer season. See Page 34.

[2] Only bucks that have at least four antler points on one side of their rack may be taken during the archery and firearms deer hunting seasons. See Page 63 for boundaries of Cass and Platte counties. See Page 13 for antler-point restriction rules for young hunters.

[3] Can be used during all portions of the firearms season. However, some counties are closed to firearms hunting during the antlerless and CWD portions (see pages 30–31 and 34).

[4] To be eligible to receive these permits, resident landowners must have 75 or more acres located in a single county or at least 75 continuous acres bisected by a county boundary. All members of their immediate household age 6 or older are also eligible to receive these permits.

[5] The APR does not apply within the portions of Cass and Platte counties included in the Kansas City urban zone. See Page 63.

[6] CWD sampling is not mandatory in these counties. See Page 7.

DAVID STONNER

Permits

Anyone who hunts, takes, or attempts to take deer or turkeys must have the required permit(s). You must sign, carry, and show, upon request, your permit to any officer who enforces the *Wildlife Code of Missouri*.

Points to Remember

- You must have the required permit on hand, either paper or carried on the MO Hunting app, when you go afield to hunt. For more on the MO Hunting app, see box on Page 21.
- Permits cannot be exchanged or refunded.
- Deer and fall turkey permits may be used in any order, and multiple permits may be filled on the same day, except during the early youth portion when only one deer may be taken.
- Before purchasing antlerless deer hunting permits, nonresidents must first purchase a Nonresident Firearms Any-Deer Hunting Permit, Nonresident Landowner Firearms Any-Deer Hunting Permit, Nonresident Managed Deer Hunting Permit, Nonresident Archer's Hunting Permit, or Nonresident Landowner Archer's Hunting Permit, depending on the type of antlerless permit they want to use. See Page 22.
- Residents do not have to purchase a Resident Firearms Any-Deer Hunting Permit or Resident Archer's Hunting Permit before purchasing antlerless deer hunting permits.
- You do not have to purchase any-deer and antlerless deer permits at the same time.

Hunter-Education Requirement

You must complete an approved hunter-education course before you can purchase firearms deer and turkey hunting permits unless:

- You were born before Jan. 1, 1967.
- You are 6–15 years old. Please see additional requirements found in "Youth Permits."
- You are 16 years or older and are using an Apprentice Hunter Authorization. Please see additional requirements found in "Apprentice Hunter Authorization."
- You are using resident landowner permits and hunting on land you own. **Note:** If you are mentoring a hunter who is not hunter-education certified and not using landowner permits, you must be at least 18 years old and hunter-education certified even if you are hunting on your own land. Mentors born before Jan. 1, 1967, are exempt from this requirement.
- You have a developmental disability. See Rule 3 CSR 10-5.205 of the *Wildlife Code of Missouri*.

If you can prove you completed a hunter-education course in another state, you are not required to take Missouri's course. You must be 11 years or older to enroll in Missouri's hunter-education course. For more information, visit **mdc.mo.gov/huntereducation**.

Youth Permits

You must be 6 years or older to hunt deer or turkeys. Youth age 6 through 15 can purchase resident or nonresident deer and turkey hunting permits at reduced prices. See Page 22.

If a youth is hunter-education certified, they may hunt alone. However, if a youth is not hunter-education certified, they must hunt in the immediate presence of an adult who has a valid hunter-education certification card or was born before Jan. 1, 1967. The adult does not need a permit during the youth portions of firearms deer season. (Adults may not hunt deer with a firearm during the youth portions.) At all other times during the fall deer and turkey seasons, the adult must be properly licensed.

Adults accompanying youth deer hunters must wear hunter orange. Regardless of age, youth hunters must be able to hold, aim, and shoot their firearm or bow by themselves.

Apprentice Hunter Authorization

To help introduce adults to hunting, the Conservation Department allows hunters age 16 and older who are not hunter-education certified to hunt with firearms, as long as they:

- First purchase the Apprentice Hunter Authorization for $10;
- Then purchase a firearms hunting permit for the season they want to hunt; and
- Hunt in the immediate presence of a properly licensed adult mentor who is hunter-education certified or was born before Jan. 1, 1967. The mentor must have a filled or unfilled permit for the prescribed season.

Note: The Apprentice Hunter Authorization allows you to purchase firearms permits throughout the permit year, and it can be purchased for two permit years. After the second year, you will be required to become hunter-education certified if you want to continue hunting with firearms.

Definitions

Immediate presence: Close enough for normal conversation.
Properly licensed: Possessing a valid firearms hunting permit for the appropriate season (i.e., either a filled or unfilled firearms deer or a fall turkey hunting permit).
Adult: Someone age 18 or older.

Social Security Number Requirement

Federal Statute 42 U.S.C. § 666 and Missouri Revised Statute 454.403 require buyers of Missouri hunting, fishing, and trapping permits to provide their Social Security number. This requirement also applies to landowner permits. Individuals who do not have a Social Security number will be required to affirm that information. Falsifying a Social Security number may result in revocation of privileges or criminal charges. Social Security numbers are securely stored and used in support of the Missouri Department of Social Service's child support enforcement.

Purchasing Permits

You may purchase your fall deer and turkey hunting permits beginning July 1 using any of the methods below.

- Over the counter from any permit vendor. No surcharges will be assessed.
- Online anytime at **mdc.mo.gov/buypermits**. Use your credit card to pay. No surcharges will be assessed. Print your permit at home and have it in hand immediately or use the free MO Hunting app (see box on this page). Your permit will appear on the app immediately after purchase.
- By telephone at 800-392-4115. Use your credit card and pay a $1 surcharge. Allow 10 days for delivery.

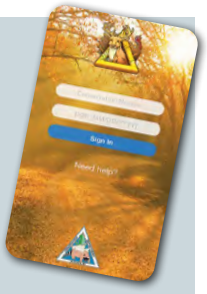

Note: No-cost resident landowner permits and reduced-cost nonresident landowner permits also are available. See pages 24–25 for details.

Replacing permits: If you lose your permit, simply download the MO Hunting app to your Android or Apple mobile device, log in with your date of birth and Conservation Number, and a valid, electronic version of your permit will appear on the app. (For more on the MO Hunting app, see the box on this page.) Any active, valid permit can be reprinted from home at **mdc.mo.gov/buypermits**. Replacement permits can also be purchased from any vendor for $2.

Who May Purchase Resident Deer and Turkey Permits?

- Any person who does not claim resident privileges in another state or country, and whose actual residence and legal permanent home address are both in Missouri, and have been for at least 30 days before applying for the permit. Owning real estate or attending a Missouri school does not in itself make you a legal resident.
- Missouri residents employed by the United States in the District of Columbia or serving in the U.S. armed forces. (Immediate family members who reside with them also may purchase resident permits.)
- All members of the U.S. armed forces stationed and residing in Missouri on permanent change of station status and immediate family members residing with them.
- Any honorably discharged military veteran having a service-related disability of 60 percent or greater, or who was a prisoner of war during military service; must carry certified statement of eligibility from the U.S. Department of Veterans Affairs while hunting and purchasing permits.
- Any member of the U.S. military currently assigned as a patient to a Warrior Transition Brigade, Warrior Transition Unit, or a military medical center; must carry orders showing assignment to a Warrior Transition Brigade, Warrior Transition Unit, or admissions verification to a military medical center while hunting and purchasing permits.

MDC's MO Hunting App Makes Permits Easy

The Conservation Department's free MO Hunting app offers a quick, easy, and convenient option for carrying your permits afield, voiding a permit after harvesting a deer or turkey, and Telechecking your harvest. The app, which is free and available for Android and Apple mobile devices, allows you to:

- See all the hunting, fishing, and trapping permits you have purchased — even if they were purchased from a traditional vendor or by telephone.
- Carry valid, electronic permits afield.
- Electronically "notch" (void) your deer and turkey permits directly from the app.
- Telecheck your deer or turkey using an easy-to-fill form. Telecheck will upload a confirmation number to the app. **Note:** Wildlife labeling requirements still apply. See Page 70.

To log in to MO Hunting, you'll need your date of birth and Conservation Number. This nine-digit number can be found on your Conservation Permit Card or on any current or previous permit. For help locating your Conservation Number, call 573-522-0107 during regular business hours or go to **short.mdc.mo.gov/ZkH**.

MO Hunting is available in the Google Play and Apple App stores. You can also get MO Hunting and learn more about the app at **short.mdc.mo.gov/Zi2**.

Important! Make sure you update MO Hunting before each hunting season to ensure you are using the most recent version of the app and that all of your permits are visible while hunting.

- Nonresidents who are registered students attending a public or private secondary, post secondary, or vocational school in Missouri and who live in Missouri while attending school; must carry evidence of a Missouri residence and student status, such as a student ID, while hunting. **Note:** Nonresident students who qualify for resident permits must purchase them in person, over the phone, or through the mail from Conservation Department offices.
- Immigrants who possess an I-551 Resident Alien Card from the U.S. Immigration and Naturalization Service and who do not claim resident privileges in another state or country, and whose actual residence and legal permanent home address are both in Missouri, and have been for at least 30 days before purchasing a permit.

Resident and Nonresident Permits

Resident Permits

Resident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season. See restrictions on pages 30–35.

Age 16 and older $18
Age 6–15[1] $9

Resident Firearms Antlerless Deer Hunting Permit[2]

For one antlerless deer during firearms deer season in open counties. See map on Page 23. These may be purchased in any number.

Age 16 and older $7.50
Age 6–15[1] $3.75

Resident Managed Deer Hunting Permit[3]

For deer during a prescribed managed hunt. Valid for the number of deer allowed by the managed hunt.

Age 16 and older $18
Age 11–15[1] $9

Resident Archer's Hunting Permit

For two deer during archery deer season, for small game during prescribed seasons, and to sell furbearers taken by hunting. **Note:** You can no longer use an archer's permit to take turkeys. You must use a fall turkey hunting permit to take turkeys.

Age 16 and older $20.50
Age 6–15 ..... $10.25

Resident Archery Antlerless Deer Hunting Permit

For one antlerless deer during archery deer season. These may be purchased in any number.

Age 16 and older $7.50
Age 6–15 ..... $3.75

Resident Fall Turkey Hunting Permit

For two turkeys during fall turkey season (archery and firearms portions combined). Some counties are closed to firearms hunting during the firearms portion. See map on Page 28.

Age 16 and older $14
Age 6–15[1] $7

Nonresident Permits[4]

Nonresident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season. See restrictions on pages 30–35.

Age 16 and older $276.50
Age 6–15[1] $9

Nonresident Firearms Antlerless Deer Hunting Permit[2]

For one antlerless deer during firearms deer season in open counties. See map on Page 23. These may be purchased in any number. You must buy a Nonresident Firearms Any-Deer Hunting Permit, Nonresident Landowner Firearms Any-Deer Hunting Permit, or Nonresident Managed Deer Hunting Permit to buy these permits.

Age 16 and older $26
Age 6–15[1] $3.75

Nonresident Managed Deer Hunting Permit[3]

For deer during a prescribed managed hunt. Valid for the number of deer allowed by the managed hunt.

Age 16 and older $276.50
Age 11–15[1] $9

Nonresident Archer's Hunting Permit

For two deer during archery deer season and for small game, except furbearers, during prescribed seasons. **Note:** You can no longer use an archer's permit to take turkeys. You must use a fall turkey hunting permit to take turkeys.

Age 16 and older $276.50
Age 6–15 ..... $10.25

Nonresident Archery Antlerless Deer Hunting Permit

For one antlerless deer during archery deer season. These may be purchased in any number. You must buy a Nonresident Archer's Hunting Permit or Nonresident Landowner Archer's Hunting Permit to buy these permits.

Age 16 and older $26
Age 6–15 ..... $3.75

Nonresident Fall Turkey Hunting Permit

For two turkeys during fall turkey season (archery and firearms portions combined). Some counties are closed to firearms hunting during the firearms portion. See map on Page 28.

Age 16 and older $135.50
Age 6–15[1] $7

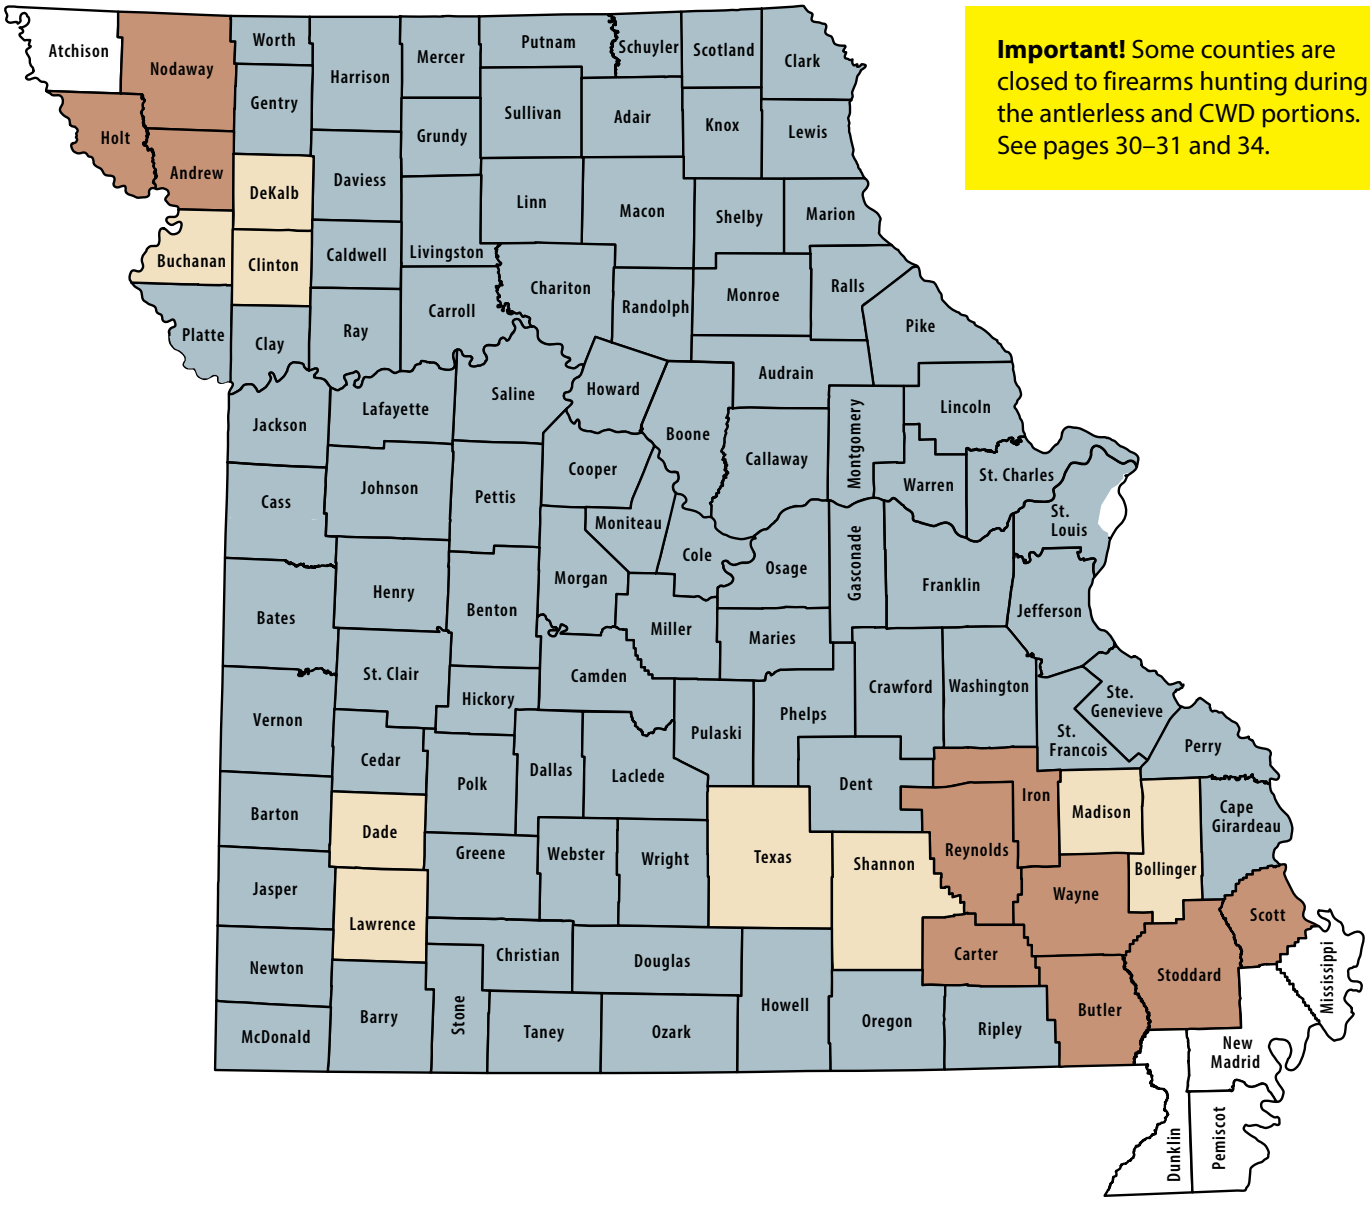

[1] If not hunter-education certified, a youth hunting on a firearms permit must be in the immediate presence of an adult who is hunter-education certified or exempt by age. The adult does not need a permit during the youth portions of firearms deer season. At all other times during the fall deer and turkey seasons, the adult must be properly licensed. See Page 20.

[2] Antlerless deer hunting permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined).

[3] Application is required. Participation is awarded through a drawing. See pages 36–44.

[4] All nonresidents must purchase nonresident permits to hunt deer or turkeys in Missouri. Some exceptions apply. See Page 21.

Firearms Antlerless Permits

Important! Some counties are closed to firearms hunting during the antlerless and CWD portions. See pages 30–31 and 34.

When Can These Permits Be Used?

They can be used during all portions of the firearms season, but some counties are closed to firearms hunting during the antlerless and CWD portions. See pages 30–31 and 34.

How Many Firearms Antlerless Permits Can You Fill?

You may fill the antlerless permit limit in each county in which you choose to hunt. See map above for county limits. For example, if you hunt in Boone County, you may fill four firearms antlerless permits during the firearms deer season (all portions combined). If you want to fill additional firearms antlerless permits, you must hunt in another county. **Note:** Resident landowners with at least 75 acres may harvest additional antlerless deer using no-cost Resident Landowner Firearms Antlerless Deer Hunting Permits. See pages 24–25.

- You may fill four firearms antlerless deer hunting permits in these counties during firearms deer season (all portions combined).
- You may fill two firearms antlerless deer hunting permits in these counties during firearms deer season (all portions combined).
- You may fill one firearms antlerless deer hunting permit in these counties during firearms deer season (all portions combined).
- Firearms antlerless deer hunting permits may not be filled in these counties. Antlerless deer may be taken on an any-deer permit or a landowner antlerless hunting permit.

Landowner Permits

All deer and turkey hunters, including landowners, must have a valid hunting permit. Resident landowners who meet certain criteria (see below) may get no-cost resident landowner permits. Nonresident landowners who meet certain criteria (see below) may get reduced-cost nonresident landowner permits.

No-Cost Resident Landowner Permits

To qualify for no-cost resident landowner permits, you must be a Missouri resident. A Missouri resident is a person who does not claim any resident privileges (for example, hunting, fishing, trapping, driver's license, or registered voter) in another state or country and whose legal residence or domicile has been in the state of Missouri for at least 30 days prior to obtaining a landowner permit.

In addition to being a Missouri resident, you also must meet one of the following criteria:

- You must own at least 20 acres in one contiguous tract.
- You must be a member of the landowner's immediate household and have the same legal residence as the landowner for at least the last 30 days.
- You must be a general partner of a resident or foreign limited liability partnership, limited partnership, or limited liability limited partnership, or a general partner of a general partnership formed by written agreement, and the partnership must own at least 20 contiguous acres.
- You must be an officer of a resident or foreign corporation, and the corporation must own at least 20 contiguous acres.
- You must be a managing member of a resident or foreign limited liability company, and the company must own at least 20 contiguous acres.
- You must be an officer of a benevolent association organized pursuant to Chapter 352 of the *Revised Statutes of Missouri*, and the association must own at least 20 contiguous acres.
- You must be a settlor of a revocable trust that holds at least 20 contiguous acres.
- You must be a permissible distributee of an irrevocable trust that holds at least 20 contiguous acres.

Reduced-Cost Nonresident Landowner Permits

To qualify for reduced-cost nonresident landowner permits, you must own at least 75 acres in one contiguous tract in Missouri. You also qualify if:

- You are a member of the nonresident landowner's immediate household whose legal residence and domicile is the same as the nonresident landowner's for at least the last 30 days.
- You are a general partner of a resident or foreign limited liability partnership, limited partnership, or limited liability limited partnership, or a general partner of a general partnership formed by written agreement, and the partnership owns at least 75 contiguous acres in Missouri.
- You are an officer of a resident or foreign corporation that owns at least 75 contiguous acres in Missouri.
- You are a managing member of a resident or foreign limited liability company that owns at least 75 contiguous acres in Missouri.
- You are an officer of a benevolent association organized pursuant to Chapter 352 of the Revised Statutes of Missouri, and the association owns at least 75 contiguous acres in Missouri.
- You are a settlor of a revocable trust that holds at least 75 contiguous acres in Missouri.
- You are a permissible distributee of an irrevocable trust that holds at least 75 contiguous acres in Missouri.

Submit Property Information to Get Landowner Permits

To get no-cost resident landowner permits or reduced-cost nonresident landowner permits, you must submit information about your property to the Conservation Department by filling out a Landowner Permit Application at **mdc.mo.gov/buypermits**.

Once your Landowner Permit Application has been accepted, you may get landowner permits using any of the methods listed on Page 21.

Know the Rules

Resident landowners who qualify for no-cost resident landowner permits and nonresident landowners who qualify for reduced-cost nonresident landowner permits:

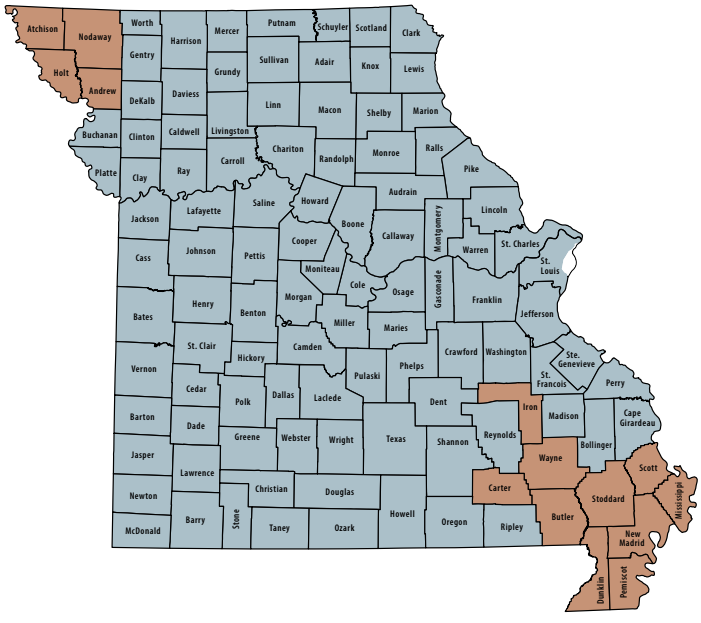

- Must abide by season dates, methods, limits, and tagging/checking requirements.
- Must use landowner permits only on their qualifying property. To hunt on other land, landowners must purchase regular permits.
- Must be at least 6 years old to obtain landowner permits.
- May use their landowner permits to take deer on their land during archery deer season and all portions of the firearms season including the antlerless and CWD portions (if their property is located in an open county).
- Who have 75 or more acres in more than one county must comply with landowner antlerless deer limits for each county. See Page 25.
- May fill no-cost or reduced-cost landowner archery and/or landowner firearms any-deer permits and regular-cost permits. **However, each hunter may take only two antlered deer during the archery and firearms deer hunting seasons combined and only one antlered deer during firearms season.** For example, landowners who take an antlered deer on a landowner firearms any-deer permit may not take an antlered deer on a firearms any-deer permit. Deer taken on a managed deer hunting permit do not count toward this limit.
- May fill their no-cost landowner antlerless permits and also purchase and fill additional antlerless permits according to county limits shown on Page 23.

Qualifying resident landowners who have at least 20 contiguous acres, and all members of their immediate household age 6 or older, may each receive:

- One Resident Landowner Fall Turkey Hunting Permit
- One Resident Landowner Firearms Any-Deer Hunting Permit
- One Resident Landowner Archer's Hunting Permit
- Two Resident Landowner Archery Antlerless Deer Hunting Permits

Qualifying resident landowners who have 75 or more acres located in a single county or at least 75 continuous acres bisected by a county boundary, and all members of their immediate household age 6 or older, may each receive:

- All of the landowner permits listed above
- Resident Landowner Firearms Antlerless Deer Hunting Permits depending upon county availability (see map below)

You may receive two Resident Landowner Firearms Antlerless Deer Hunting Permits.

You may receive one Resident Landowner Firearms Antlerless Deer Hunting Permit.

Resident Landowner Permits

All landowner permits are valid only on qualifying property. Hunters must be at least 6 years old to obtain landowner permits. Hunter-education certification is not required to obtain landowner permits.

Resident Landowner Fall Turkey Hunting Permit

For two turkeys during fall turkey season (archery and firearms portions combined). Some counties are closed to firearms hunting during the firearms portion. See map on Page 28.

Age 6 and older .....No cost

Resident Landowner Firearms Any-Deer Hunting Permit

For one deer (of either sex) during firearms deer season.

Age 6 and older .....No cost

Resident Landowner Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season.

Age 6 and older .....No cost

Resident Landowner Archer's Hunting Permit

For two deer during archery deer season, for small game during prescribed seasons, and to sell furbearers taken by hunting. **Note:** You can no longer use an archer's permit to take turkeys. You must use a fall turkey hunting permit to take turkeys.

Age 6 and older .....No cost

Resident Landowner Archery Antlerless Deer Hunting Permit

For one antlerless deer during archery deer season.

Age 6 and older .....No cost

Nonresident Landowner Permits

Nonresident Landowner Firearms Any-Deer Hunting Permit

For one deer (of either sex) during firearms deer season $203.50

Nonresident Landowner Archer's Hunting Permit

For two deer during archery deer season and for small game, except furbearers, during prescribed seasons. **Note:** You can no longer use an archer's permit to take turkeys. You must use a fall turkey hunting permit to take turkeys. $203.50

Nonresident Landowner Fall Turkey Hunting Permit

For two turkeys during fall turkey season (archery and firearms portions combined). Some counties are closed to firearms hunting during the firearms portion. See map on Page 28 ..... $100

Archery Deer Season

Dates

- Sept. 15–Nov. 15, 2024
- Nov. 27, 2024–Jan. 15, 2025

Location

Statewide

Shooting Hours

One-half hour before sunrise to one-half hour after sunset

Limits

Note: You can no longer use an archer's permit to take turkeys. You must use a fall turkey hunting permit to take turkeys. For information on fall turkey season, see Page 28.

- Using an archer's hunting permit, two deer of either sex, but only one antlered deer before Nov. 16.
- You may take only two antlered deer during the archery and firearms deer hunting seasons combined.
- An antler-point restriction (APR) applies in some counties. Hunters who are 15 years or younger on Sept. 15, 2024, are exempt from the APR. See Page 13.
- Using antlerless permits, any number of antlerless deer.

Allowed

- Longbows, compound bows, and recurve bows of any draw weight
- Crossbows
- Hand-held string-releasing devices
- Illuminated sights, scopes, and quickpoint sights
- Atlatls

Prohibited

- Any sighting device that casts a beam of light on the game
- Electronic calls, electronically activated calls, bait, dogs (see Page 5), and night vision, infrared, and thermal imagery equipment
- Live decoys may not be used to take turkeys.
- Archers hunting deer or turkeys during the archery season may not be in possession of a firearm. Some exceptions apply. See 3 CSR 10-7.432 and 3 CSR 10-7.455 of the *Wildlife Code of Missouri*.

Valid Permits

Resident Archer's Hunting Permit

For two deer during archery deer season, for small game during prescribed seasons, and to sell furbearers taken by hunting. **Note:** You can no longer use an archer's permit to take turkeys. You must use a fall turkey hunting permit to take turkeys.

Age 16 and older $20.50
Age 6–15 ..... $10.25
Resident Landowner (see pages 24–25) ..... No cost

Resident Archery Antlerless Deer Hunting Permit

For one antlerless deer during archery deer season. These may be purchased in any number.

Age 16 and older $7.50
Age 6–15 ..... $3.75
Resident Landowner (see pages 24–25) ..... No cost

Nonresident Archer's Hunting Permit

For two deer during archery deer season, and for small game, except furbearers, during prescribed seasons. **Note:** You can no longer use an archer's permit to take turkeys. You must use a fall turkey hunting permit to take turkeys.

Age 16 and older $276.50
Age 6–15 ..... $10.25
Nonresident Landowner (see pages 24–25) $203.50

Nonresident Archery Antlerless Deer Hunting Permit

For one antlerless deer during archery deer season. These may be purchased in any number. You must buy a Nonresident Archer's Hunting Permit or Nonresident Landowner Archer's Hunting Permit to buy these permits.

Age 16 and older $26
Age 6–15 ..... $3.75

DAVID STONNER

Bowhunters: We Need Your Help!

Please participate in the Bowhunter Observation Survey.

The Conservation Department needs bowhunters to submit observations of wildlife they see while hunting. This information helps biologists gauge the health of wildlife populations and set hunting regulations.

It's easy to participate. Register at **mdc.mo.gov/wildlife/wildlife-surveys**.

Participants submit observations of deer, turkeys, and furbearers they see while bowhunting from Sept. 15 until the start of the November portion of firearms deer season. Once Conservation Department biologists tally the information at the end of the survey period, you'll have access to a summary of sightings for the entire state.

Note: If you have previously signed up for the survey, you do not need to do so again.

Fall Turkey Season

Dates

Fall turkey season is composed of two portions:

- Archery Portion: Sept. 15–Nov. 15, 2024, and Nov. 27, 2024–Jan. 15, 2025
- Firearms Portion: Oct. 1–31, 2024

Location

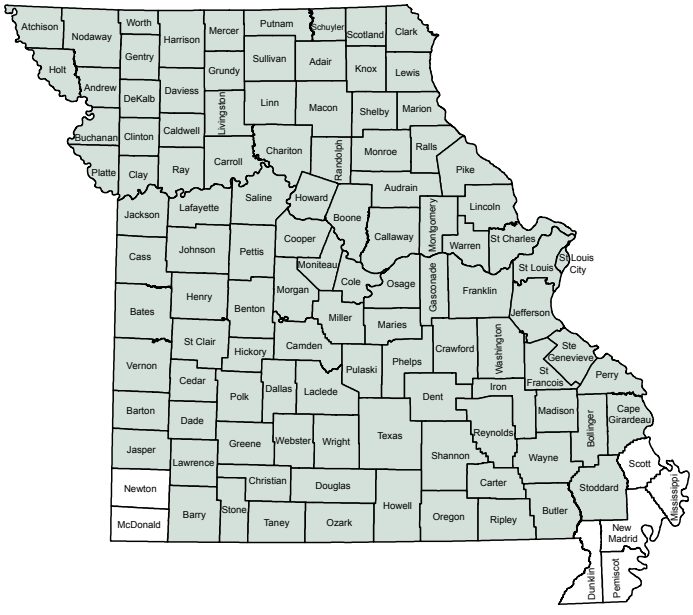

- Archery Portion: Statewide
- Firearms Portion: All counties except Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot, and Scott (see map below)

Shooting Hours

- Archery Portion: One-half hour before sunrise to one-half hour after sunset
- Firearms Portion: One-half hour before sunrise to sunset

Limits

- You may take only two turkeys during the fall turkey hunting season (both portions combined).
- You may take two turkeys on the same day.
- You may take turkeys of either sex.

During the firearms portion of fall turkey season, you may hunt turkeys with firearms only in counties shaded green on the map. Counties shaded white are closed to firearms turkey hunting. During the archery portion of fall turkey season, you may hunt turkeys statewide.

Allowed

- **Archery Portion:** Longbows, compound bows, recurve bows, crossbows, and atlatls
- **Firearms Portion:** Shotgun (including .410) with shot not larger than No. 4
- Hand-held string-releasing devices
- Illuminated sights, scopes, and quickpoint sights

Prohibited

- Anyone hunting turkeys during the fall turkey season may not be in possession of both a firearm and a bow, crossbow, or atlatl. Some exceptions apply. See 3 CSR 10-7.455 of the *Wildlife Code of Missouri*.
- Shotguns capable of holding more than three shells in magazine and chamber combined
- Shot larger than No. 4
- Rifles and handguns (see definition on Page 68)
- Firearms that propel a single projectile at one discharge
- Any sighting device that casts a beam of light on the game
- Electronic calls, electronically activated calls, live decoys, bait, dogs (see Page 5), and night vision, infrared, and thermal imagery equipment

Valid Permits

Resident Fall Turkey Hunting Permit

For two turkeys during fall turkey season (archery and firearms portions combined). Some counties are closed to firearms hunting during the firearms portion. See map above.

Age 16 and older $14
Age 6–15 ..... $7
Resident Landowner (see pages 24–25) ..... No cost

Nonresident Fall Turkey Hunting Permit

For two turkeys during fall turkey season (archery and firearms portions combined). Some counties are closed to firearms hunting during the firearms portion. See map above.

Age 16 and older $135.50
Age 6–15 ..... $7
Nonresident Landowner (see pages 24–25) $100

KOMKRIT PAOTHONG

Antlerless Portions

Dates

- Early Antlerless Portion: Oct. 11–13, 2024
- Late Antlerless Portion: Dec. 7–15, 2024

Location

See map on Page 31. Counties in white are closed to firearms hunting during the antlerless portions.

Shooting Hours

One-half hour before sunrise to one-half hour after sunset

Limits

- You may harvest only antlerless deer during these portions of firearms deer season.
- Some counties are closed to firearms hunting during these portions. See map on Page 31. Open counties have limits on the number of firearms antlerless deer hunting permits you may fill during firearms deer season (all portions combined). See map on Page 23.

Allowed

- Centerfire rifles or handguns (see definition on Page 68) using expanding-type bullets such as lead or copper
- Shotguns (including .410) with slugs only
- Air-powered guns, .40 caliber or larger, charged only from an external high-compression power source (external hand pump, air tank, or air compressor)
- Muzzleloading or cap-and-ball firearms, .40 caliber or larger and capable of firing only a single projectile at one discharge (see definition on Page 68). In-lines and scopes are allowed.
- Multiple-barreled muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns (see definition on Page 68), including revolvers, .40 caliber or larger, are allowed and may be carried in addition to a muzzleloading or cap-and-ball rifle.
- Air bows
- Longbows, compound bows, and recurve bows of any draw weight. Hand-held string-releasing devices, illuminated sights, scopes, and quickpoint sights are allowed.
- Crossbows
- Atlatls

Prohibited

- Self-loading firearms with capacity of more than 11 cartridges in magazine and chamber combined
- Ammunition propelling more than one projectile at a single discharge (such as buckshot)
- Full hard metal case projectiles
- Fully automatic firearms
- Any sighting device that casts a beam of light on the game
- Electronic calls and electronically activated calls
- Night vision, infrared, and thermal imagery equipment
- Bait
- Dogs (see Page 5)
- Additional methods may be prohibited by local ordinances.

Valid Permits

Resident Firearms Any-Deer Hunting Permit

During the antlerless portions, you may take only antlerless deer with this permit. Some counties are closed during the antlerless portions. See map on Page 31.

Age 16 and older $18
Age 6–15 ..... $9
Resident Landowner (see pages 24–25) ..... No cost

Resident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (see Page 23), and some counties are closed during the antlerless portions (see Page 31).

Age 16 and older $7.50
Age 6–15 ..... $3.75
Resident Landowner (see pages 24–25) ..... No cost

Nonresident Firearms Any-Deer Hunting Permit

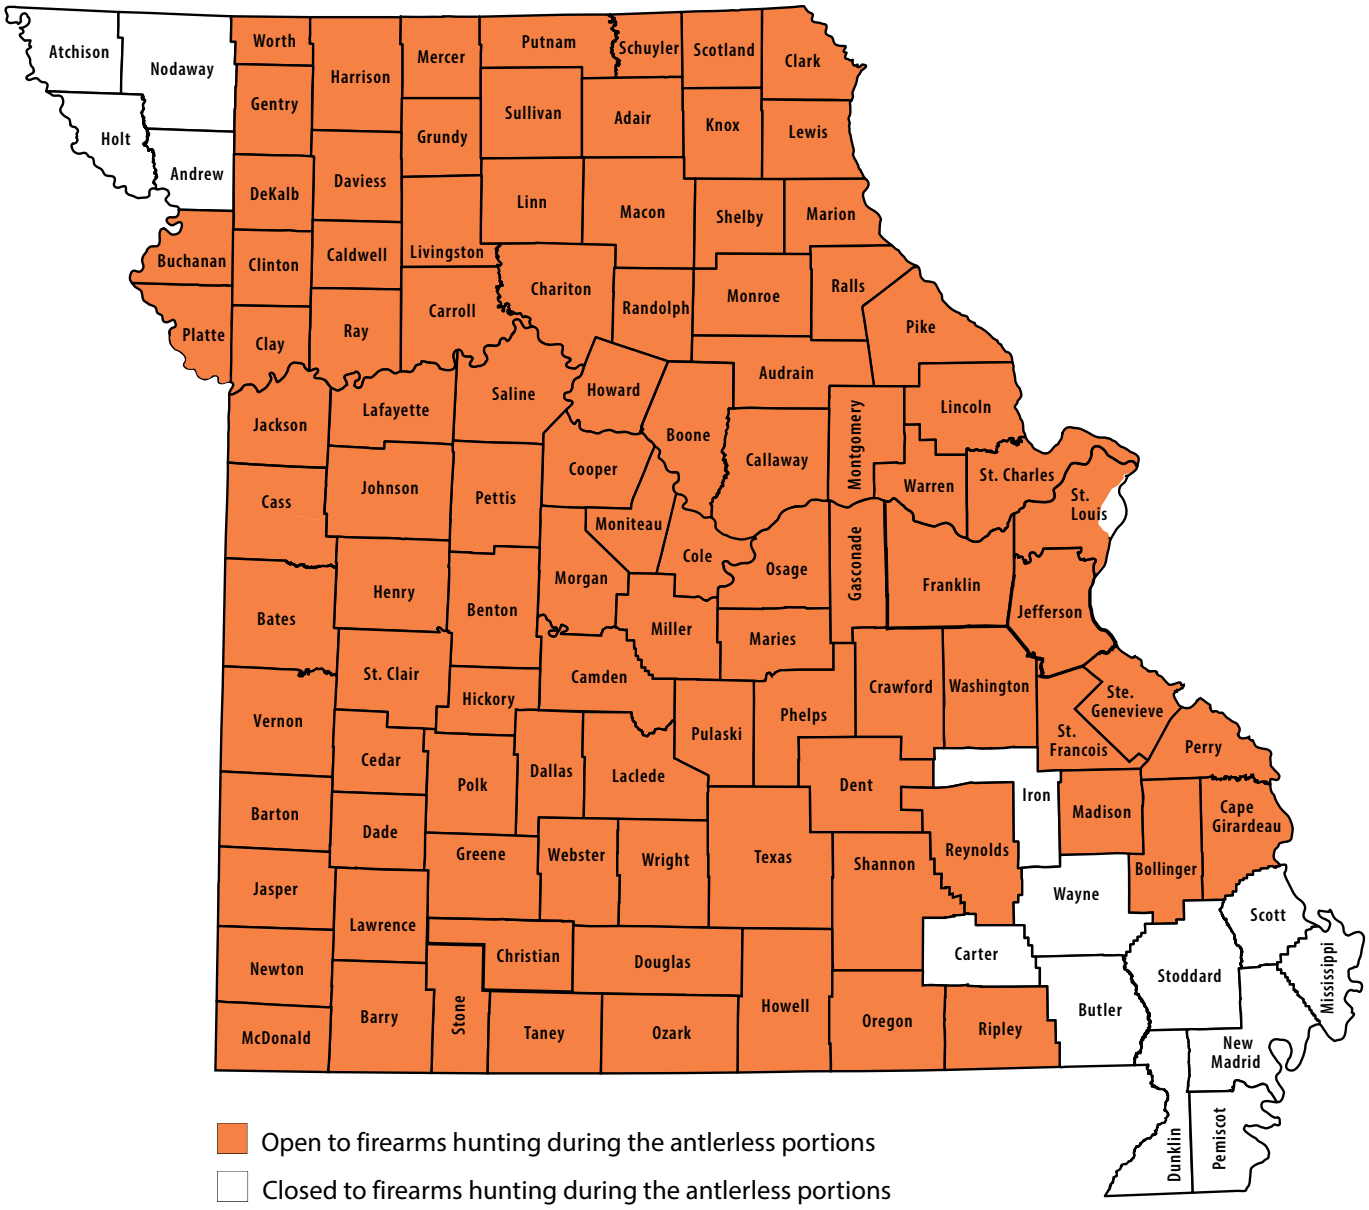

During the antlerless portions, you may take only antlerless deer with this permit. Some counties are closed during the antlerless portions. See map on Page 31.

Age 16 and older $276.50
Age 6–15 ..... $9
Nonresident Landowner (see pages 24–25) $203.50

Nonresident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. You must buy a Nonresident Firearms Any-Deer Hunting Permit, Nonresident Landowner Firearms Any-Deer Hunting Permit, or Nonresident Managed Deer Hunting Permit to buy this permit. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (see Page 23), and some counties are closed during the antlerless portions (see Page 31).

Age 16 and older $26
Age 6–15 ..... $3.75

Where Can You Firearms Hunt During the Antlerless Portions?

Firearms hunting is allowed only in counties shaded orange in the map above. Counties in white are closed to firearms hunting during the antlerless portions.

How Many Firearms Antlerless Permits Can You Fill?

You may fill the antlerless permit limit in each county as shown on the map on Page 23. These limits apply to all portions of firearms deer season, not just the antlerless portions.

Youth Portions

Dates

To participate, you must be at least 6 and no older than 15 on the opening day of the early youth portion.

- Early Youth Portion: Nov. 2–3, 2024
- Late Youth Portion: Nov. 29–Dec. 1, 2024

Location

Statewide

Shooting Hours

One-half hour before sunrise to one-half hour after sunset

Limits

- Only one deer (of either sex) may be taken during the early youth portion. If you have more than one permit, you must use them in another portion.
- Only one antlered deer may be taken during firearms deer season (all portions combined).
- You may take only two antlered deer during the archery and firearms deer hunting seasons combined.
- Each county has a limit on the number of firearms antlerless deer hunting permits you may fill during firearms deer season (all portions combined). See Page 23.
- See Page 13 for antler-point restriction rules for young hunters.

Allowed

- Centerfire rifles or handguns (see definition on Page 68) using expanding-type bullets such as lead or copper
- Shotguns (including .410) with slugs only
- Air-powered guns, .40 caliber or larger, charged only from an external high-compression power source (external hand pump, air tank, or air compressor)
- Muzzleloading or cap-and-ball firearms, .40 caliber or larger and capable of firing only a single projectile at one discharge (see definition on Page 68). In-lines and scopes are allowed.
- Multiple-barreled muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns (see definition on Page 68), including revolvers, .40 caliber or larger, are allowed and may be carried in addition to a muzzleloading or cap-and-ball rifle.
- Air bows
- Longbows, compound bows, and recurve bows of any draw weight. Hand-held string-releasing devices, illuminated sights, scopes, and quickpoint sights are allowed.
- Crossbows
- Atlatls

Prohibited

- Self-loading firearms with capacity of more than 11 cartridges in magazine and chamber combined
- Ammunition propelling more than one projectile at a single discharge (such as buckshot)
- Full hard metal case projectiles
- Fully automatic firearms
- Any sighting device that casts a beam of light on the game
- Electronic calls and electronically activated calls
- Night vision, infrared, and thermal imagery equipment
- Bait
- Dogs (see Page 5)
- Additional methods may be prohibited by local ordinances.

Valid Permits

Resident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 6–15 . . . . . $9
Resident Landowner (see pages 24–25) . . . . . No cost

Resident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 6–15 . . . . . $3.75
Resident Landowner (see pages 24–25) . . . . . No cost

Nonresident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 6–15 . . . . . $9

Nonresident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. You must buy a Nonresident Firearms Any-Deer Hunting Permit or a Nonresident Managed Deer Hunting Permit to buy this permit. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 6–15 . . . . . $3.75

November Portion

Dates

Nov. 16–26, 2024

Location

Statewide

Shooting Hours

One-half hour before sunrise to one-half hour after sunset

Limits

- Only one antlered deer may be taken during the firearms deer season (all portions combined).
- You may take only two antlered deer during the archery and firearms deer hunting seasons combined.
- An antler-point restriction (APR) applies in some counties. Hunters who are 15 years or younger on Sept. 15, 2024, are exempt from the APR. See Page 13.
- Each county has a limit on the number of firearms antlerless deer hunting permits you may fill during firearms deer season (all portions combined). See Page 23.

Allowed

- Centerfire rifles or handguns (see definition on Page 68) using expanding-type bullets such as lead or copper
- Shotguns (including .410) with slugs only
- Air-powered guns, .40 caliber or larger, charged only from an external high-compression power source (external hand pump, air tank, or air compressor)
- Muzzleloading or cap-and-ball firearms, .40 caliber or larger and capable of firing only a single projectile at one discharge (see definition on Page 68). In-lines and scopes are allowed.
- Multiple-barreled muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns (see definition on Page 68), including revolvers, .40 caliber or larger, are allowed and may be carried in addition to a muzzleloading or cap-and-ball rifle.
- Air bows
- Longbows, compound bows, and recurve bows of any draw weight. Hand-held string-releasing devices, illuminated sights, scopes, and quickpoint sights are allowed.
- Crossbows
- Atlatls

Prohibited

- Self-loading firearms with capacity of more than 11 cartridges in magazine and chamber combined
- Ammunition propelling more than one projectile at a single discharge (such as buckshot)
- Full hard metal case projectiles
- Fully automatic firearms
- Any sighting device that casts a beam of light on the game
- Electronic calls and electronically activated calls
- Night vision, infrared, and thermal imagery equipment
- Bait
- Dogs (see Page 5)
- Additional methods may be prohibited by local ordinances.

Valid Permits

Resident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 16 and older $18
Age 6–15 ..... $9
Resident Landowner (see pages 24–25) ..... No cost

Resident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 16 and older $7.50
Age 6–15 ..... $3.75
Resident Landowner (see pages 24–25) ..... No cost

Nonresident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 16 and older $276.50
Age 6–15 ..... $9
Nonresident Landowner (see pages 24–25) $203.50

Nonresident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. You must buy a Nonresident Firearms Any-Deer Hunting Permit, Nonresident Landowner Firearms Any-Deer Hunting Permit, or Nonresident Managed Deer Hunting Permit to buy this permit. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 16 and older $26
Age 6–15 ..... $3.75

CWD Portion

Dates

Nov. 27–Dec. 1, 2024

Location

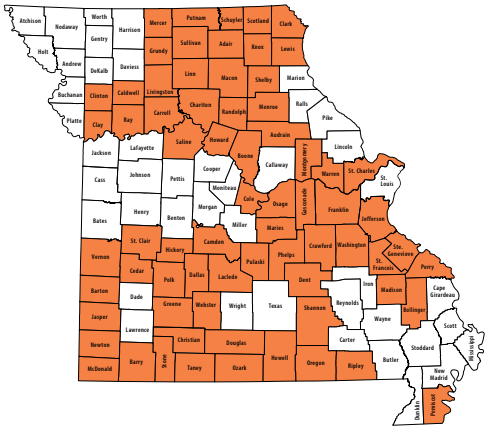

See map below. Counties in orange are open to firearms hunting during the CWD portion.

Shooting Hours

One-half hour before sunrise to one-half hour after sunset

Limits

- Only one antlered deer may be taken during the firearms deer season (all portions combined).
- You may take only two antlered deer during the archery and firearms deer hunting seasons combined.
- Each county has a limit on the number of firearms antlerless deer hunting permits you may fill during firearms deer season (all portions combined). See Page 23.
- CWD testing is not mandatory during the CWD portion.

Allowed

- Centerfire rifles or handguns (see definition on Page 68) using expanding-type bullets such as lead or copper
- Shotguns (including .410) with slugs only
- Air-powered guns, .40 caliber or larger, charged only from an external high-compression power source (external hand pump, air tank, or air compressor)
- Muzzleloading or cap-and-ball firearms, .40 caliber or larger and capable of firing only a single projectile at one discharge (see definition on Page 68). In-lines and scopes are allowed.
- Multiple-barreled muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns (see definition on Page 68), including revolvers, .40 caliber or larger, are allowed and may be carried in addition to a muzzleloading or cap-and-ball rifle.
- Air bows
- Longbows, compound bows, and recurve bows of any draw weight. Hand-held string-releasing devices, illuminated sights, scopes, and quickpoint sights are allowed.
- Crossbows
- Atlatls

Prohibited

- Self-loading firearms with capacity of more than 11 cartridges in magazine and chamber combined
- Ammunition propelling more than one projectile at a single discharge (such as buckshot)
- Full hard metal case projectiles
- Fully automatic firearms
- Any sighting device that casts a beam of light on the game; electronic calls and electronically activated calls; night vision, infrared, and thermal imagery equipment; bait; dogs (see Page 5)
- Additional methods may be prohibited by local ordinances.

Valid Permits

Resident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 16 and older $18
Age 6–15 ..... $9
Resident Landowner (see pages 24–25) ..... No cost

Resident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 16 and older $7.50
Age 6–15 ..... $3.75
Resident Landowner (see pages 24–25) ..... No cost

Nonresident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 16 and older $276.50
Age 6–15 ..... $9
Nonresident Landowner (see pages 24–25) $203.50

Nonresident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. You must buy a Nonresident Firearms Any-Deer Hunting Permit, Nonresident Landowner Firearms Any-Deer Hunting Permit, or Nonresident Managed Deer Hunting Permit to buy this permit. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 16 and older $26
Age 6–15 ..... $3.75

Alternative Methods Portion

Dates

Dec. 28, 2024–Jan. 7, 2025

Location

Statewide

Shooting Hours

One-half hour before sunrise to one-half hour after sunset

Limits

- Only one antlered deer may be taken during the firearms deer season (all portions combined).
- You may take only two antlered deer during the archery and firearms deer hunting seasons combined.
- An antler-point restriction (APR) applies in some counties. Hunters who are 15 years or younger on Sept. 15, 2024, are exempt from the APR. See Page 13.
- Each county has a limit on the number of firearms antlerless deer hunting permits you may fill during firearms deer season (all portions combined). See Page 23.

Allowed

- Muzzleloading or cap-and-ball firearms, .40 caliber or larger and capable of firing only a single projectile at one discharge (see definition on Page 68). In-lines and scopes are allowed.
- Multiple-barreled muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns (see definition on Page 68), including revolvers, .40 caliber or larger, are allowed and may be carried in addition to a muzzleloading or cap-and-ball rifle.
- Centerfire handguns (see definition on Page 68) using expanding-type bullets such as lead or copper
- Air-powered guns, .40 caliber or larger, charged only from an external high-compression power source (external hand pump, air tank, or air compressor)
- Air bows
- Longbows, compound bows, and recurve bows of any draw weight. Hand-held string-releasing devices, illuminated sights, scopes, and quickpoint sights are allowed.
- Crossbows
- Atlatls

Prohibited

- Any rifle capable of being loaded by any means other than the muzzle
- Shotguns
- Self-loading firearms with capacity of more than 11 cartridges in magazine and chamber combined
- Ammunition propelling more than one projectile at a single discharge (such as buckshot)
- Full hard metal case projectiles
- Fully automatic firearms
- Any sighting device that casts a beam of light on the game
- Electronic calls and electronically activated calls
- Night vision, infrared, and thermal imagery equipment
- Bait
- Dogs (see Page 5)
- Additional methods may be prohibited by local ordinances.

Valid Permits

Resident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 16 and older $18
Age 6–15 ..... $9
Resident Landowner (see pages 24–25) ..... No cost

Resident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 16 and older $7.50
Age 6–15 ..... $3.75
Resident Landowner (see pages 24–25) ..... No cost

Nonresident Firearms Any-Deer Hunting Permit

For one antlered or antlerless deer statewide during firearms deer season.

Age 16 and older $276.50
Age 6–15 ..... $9
Nonresident Landowner (see pages 24–25) $203.50

Nonresident Firearms Antlerless Deer Hunting Permit

For one antlerless deer during firearms deer season. You must buy a Nonresident Firearms Any-Deer Hunting Permit, Nonresident Landowner Firearms Any-Deer Hunting Permit, or Nonresident Managed Deer Hunting Permit to buy this permit. Antlerless permits may be purchased in any number, but each county has a limit on the number of antlerless permits you may fill during firearms deer season (all portions combined). See Page 23.

Age 16 and older $26
Age 6–15 ..... $3.75

Managed Deer Hunts

Limit

One managed deer hunting permit allows you to take the number of deer allowed at the hunt you are attending. Deer taken on a managed deer hunting permit do not count toward your archery or firearms season limits.

Points to Remember

- You may apply for only one managed deer hunt each year. **If you apply for more than one, you will be disqualified from this year's drawing and will not receive a preference point.**
- Youth who apply for a youth-only hunt may not also apply for a regular managed deer hunt.
- If you cannot attend, another hunter cannot take your place.
- Individuals not drawn for a managed deer hunt may not accompany a hunter who was successfully drawn. This restriction does not apply to mentors accompanying youth hunters or hunters using an Apprentice Hunter Authorization.
- Mentors who accompany youth hunters or hunters using an Apprentice Hunter Authorization must be adults who are hunter-education certified (or born before Jan. 1, 1967) and have a filled or unfilled firearms deer hunting permit. Mentors may not hunt unless they were drawn to participate in the managed hunt. **Note:** If you are mentoring a youth hunter during the youth portions of firearms deer season, you are not required to have a filled or unfilled deer hunting permit.
- Some managed hunts require hunters to attend a mandatory pre-hunt orientation. If you cannot attend the orientation, do not apply for these hunts. Hunters who do not attend the pre-hunt orientation are disqualified.
- Whether you apply as one in a party or as an individual, your chances of being drawn for a managed hunt depend on the preference points of the party applying.
- If you are not drawn for a managed hunt this year, you will earn one preference point that will increase your odds the next time you apply.
- If you have a medical condition that limits your mobility, please contact the manager of the area on which you want to hunt before applying for a managed hunt. Some areas may not have the access you require, and you may want to apply for a hunt on a different area.
- Most conservation areas remain open to the public during managed hunts.
- Go to **mdc.mo.gov/managedhunt** for a summary of how many people applied for last year's managed hunts and how many deer were taken.

Hunter-Education Requirements for Managed Hunts

Hunter-education certification is required to participate in a firearms managed deer hunt unless:

- You were born before Jan. 1, 1967.
- You are 11–15 years old and are hunting in the immediate presence of a properly-licensed adult mentor who is hunter-education certified or was born before Jan. 1, 1967.
- You are 16 or older, purchased an Apprentice Hunter Authorization, and are hunting in the immediate presence of a properly-licensed adult mentor who is hunter-education certified or was born before Jan. 1, 1967.

Note: Managed hunts held on lands not owned by MDC may require hunter-education certification. Pay attention to the footnotes on pages 38–44.

Valid Permits

Resident Managed Deer Hunting Permit

A single permit allows you to take the number of deer allowed at the hunt you are attending. Permits are available beginning Aug. 15 to successful managed hunt applicants.

Age 16 and older $18
Age 11–15 ..... $9

Nonresident Managed Deer Hunting Permit

A single permit allows you to take the number of deer allowed at the hunt you are attending. Permits are available beginning Aug. 15 to successful managed hunt applicants.

Age 16 and older $276.50
Age 11–15 ..... $9

Hunters in Wheelchairs

Any hunter permanently needing to use a wheelchair is automatically allowed to participate in one or more managed deer hunts at:

- August A. Busch Memorial Conservation Area
- Burr Oak Woods Conservation Area
- Caney Mountain Conservation Area
- James A. Reed Memorial Wildlife Area
- Peck Ranch Conservation Area

These hunts are not limited to hunters in wheelchairs.

Mail a written request **by July 31** indicating the hunts you would like to attend along with a physician's statement to:

Missouri Department of Conservation
Attn: Managed Deer Hunts
PO Box 180, Jefferson City, MO 65102-0180

An attendant may accompany you, but they may not hunt unless they were drawn to participate in the same hunt. You must purchase a managed deer hunting permit for each hunt you attend.

When to Apply

July 1–31, 2024

Who Can Apply

You must be 11 or older by the date of the hunt. Youth hunters may apply singly or with one other youth hunter for youth-only hunts, but not as a group. If applying for any other hunt, hunters may apply individually or as a group of up to six.

How to Apply

Step 1: If you are applying for a hunt for people with disabilities, follow the instructions in the blue box on Page 43. If you are applying for any other managed hunt, designate one member of your group to go online. That person must have the following information:

- The hunt number of the managed hunt for which you wish to apply.
- The Conservation Number of each hunter in the group. A Social Security number is not the same as a Conservation Number. Your Conservation Number is located on your hunting or fishing permit, or on your Conservation Permit Card. If you need a number, call 573-522-0107 during regular business hours to have one assigned.

Important: To ensure that your preference point earned last year is used, be sure to use the same Conservation Number you used last year. For future reference, print your confirmation page and save it.

Step 2: Complete the worksheet on this page before going online so you will have all the information ready.

Step 3: Fill out the online form at **mdc.mo.gov/managedhunt**. If you have correctly entered all the required information, you will see a message confirming your application.

Step 4: Print out or write down your confirmation number to save for future reference.

Find Out if You've Been Selected

From Aug. 15 through Jan. 15, go online at **mdc.mo.gov/managedhunt**. Be prepared to enter your Conservation Number (the same number you used when you applied) when you check the drawing results. You also must provide your same Conservation Number when you buy your managed deer hunting permit.

All successful applicants will receive in the mail an area map and other information regarding the hunt. We must have your correct address so you will receive the information you need. If your address has changed, contact your local Department office during regular business hours. See inside front cover for office information.

Successful applicants can purchase their permit beginning Aug. 15 wherever permits are sold.

Youth-Only Managed Hunts

To apply for a youth-only managed hunt, you must be 11 to 15 years old at the time of the hunt. If you are drawn to participate, you must:

- Purchase a Resident or Nonresident Managed Deer Hunting Permit.
- Be accompanied by an adult mentor (age 18 or older) who is hunter-education certified or exempt, and has a filled or unfilled firearms deer hunting permit. **Note:** If you are mentoring a youth hunter during the youth portions of firearms deer season, you are not required to have a filled or unfilled deer hunting permit.
- For most locations, attend a pre-hunt orientation with your adult mentor.

DAVID STONNER

Conservation Area Regulations

Deer and turkey hunting is allowed only on Conservation Department areas that are listed in the following table. If an area that is owned or managed by the Conservation Department is not listed, deer and turkey hunting is not allowed. For hunting opportunities on public land that is not owned by the Conservation Department, contact the appropriate agency. For maps and details of the areas listed here, visit **mdc.mo.gov/atlas**.

Definitions

Archery: Longbows, recurve bows, compound bows, crossbows, and atlatls

Firearms: Deer can be taken with centerfire rifles or handguns (see definition on Page 68) using expanding-type bullets; shotguns (including .410) with slugs only; air-powered guns, .40 caliber or larger, charged only from an external high-compression power source; muzzleloading or cap-and-ball firearms and/or muzzleloading or cap-and-ball handguns, including revolvers, .40 caliber or larger. Turkeys can be taken only with shotguns (including .410) with shot not larger than No. 4.

Muzzleloader: Muzzleloading or cap-and-ball firearms, .40 caliber or larger, not capable of being loaded from the breech

Antlerless Permits: A) Antlerless permits allowed; B) Archery antlerless permits only; C) Antlerless permits not allowed

Note: You may take antlerless deer with an any-deer permit on areas listed in this table except during managed hunts.

‡ Firearms methods may be used to hunt turkeys only from Oct. 1–14.

3 CSR 10-7.431 Deer Hunting Seasons: General Provisions

(1) The current *Fall Deer & Turkey Hunting Regulations and Information* booklet is hereby incorporated in this Code by reference. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at **www.missouriconservation.org**. This rule does not incorporate any subsequent amendments or additions.

(2) Deer shall mean white-tailed deer and mule deer. Antlered deer shall mean deer with at least one (1) antler at least three inches (3") long, except as provided in 3 CSR 10-7.435. Deer may be pursued, taken, killed, possessed, or transported only as permitted in this Code.

(3) Persons hunting or pursuing deer must possess a prescribed deer hunting permit. Resident landowners can qualify for no-cost permits.

(4) Deer may be pursued or taken only from one-half (1/2) hour before sunrise until one-half (1/2) hour after sunset.

(5) Deer Hunting Methods.

(A) Archery: longbows, recurve bows, compound bows, crossbows, and atlatl.

(B) Muzzleloader: muzzleloading firearms as defined in 3 CSR 10-20.805 (including cap-and-ball firearms) .40 caliber or larger.

(C) Any legal method: archery and muzzleloader methods; atlatl; shotguns; handguns or rifles firing expanding-type centerfire ammunition; and air-powered guns, .40 caliber or larger, charged only from an external high compression power source (external hand pump, air tank, or air compressor).

(D) Prohibited, in use or possession:

1. Methods restricted by local ordinance;

2. Self-loading firearms with capacity of more than eleven (11) cartridges in magazine and chamber combined with the exception of concealable firearms, as defined in Chapter 571, RSMo. Firearms possessed under this exception may not be used to take wildlife while deer hunting;

3. Ammunition propelling more than one (1) projectile at a single discharge, such as buckshot;

4. Full hard metal case projectiles;

5. Fully automatic firearms; and

6. Electronic calls or electronically activated calls.

(6) A person may take only two (2) antlered deer during the archery and firearms deer hunting seasons combined, with no more than one (1) antlered deer taken during the firearms deer season. Only one (1) antlered deer may be taken during the archery deer season prior to the November portion of the firearms deer hunting season. Deer taken at managed deer hunts are not included in this limit.

(7) Deer may not be hunted, pursued, taken, or killed—

(A) While in a stream or other body of water;

(B) From a boat with a motor attached;

(C) With the aid of a motor-driven land conveyance or aircraft, except unmanned motor-driven air conveyances may be used to recover wounded deer as specifically authorized by 3 CSR 10-7.410;

(D) With the aid of dogs, in use or possession, except for the recovery of wounded deer as specifically authorized by 3 CSR 10-7.410;

(E) With the aid of artificial light or night vision equipment;

(F) Within any area enclosed by a fence greater than seven feet (7') in height that could contain or restrict the free range of deer. Exceptions are provided in other rules or by written authorization of the director; and

(G) With the aid of bait (grain or other feed placed or scattered so as to constitute an attraction or enticement to deer). Scents and minerals, including salt, are not regarded as bait; however, mineral blocks with food additives are prohibited. An area is considered baited for ten (10) days following complete removal of bait. A person shall be in violation of this provision if they take or attempt to take deer by the aid of bait, where the person knows or reasonably should know the area is or has been baited. It is illegal to place bait in a way that causes others to be in violation of the baiting rule.

(8) During the firearms deer hunting season and during managed firearms deer hunts on those areas where such hunts are held, all persons hunting any game, and also adult mentors accompanying them, must wear a cap or hat and a shirt, vest, or coat of the color commonly known as hunter orange, which must be plainly visible from all sides. Camouflage orange garments do not meet this requirement. The following are exempt from this requirement:

(A) Migratory game bird hunters;

(B) Archery permittees during the alternative methods portion;

(C) All hunters in counties closed during the antlerless and CWD portions;

Note: According to Rule 3 CSR 10-5.216 of the *Wildlife Code of Missouri*, if you have been convicted of multiple or major violations of the *Code* in the past five years, the Conservation Commission may consider suspending or revoking your hunting, trapping, and/or fishing privileges regardless of any previous court action. The point system the Commission uses to assess *Code* violations is explained at **short.mdc.mo.gov/ZkV**.

(D) Hunters using archery methods while hunting within municipal boundaries where discharge of firearms is prohibited;

(E) Hunters on federal or state public hunting areas and during managed hunts where deer hunting is restricted to archery methods; and

(F) Hunters of small game and/or furbearers during the alternative methods portion.

(9) Hunters who kill or injure a deer must make a reasonable effort to retrieve and tag it, but this does not authorize trespass.

(10) Hunters who take a deer shall void their permit immediately by notching the month and date of harvest and shall keep the deer separate or distinctly identifiable from deer taken or possessed by another. When the deer is not personally attended and prior to reporting through the Telecheck Harvest Reporting System, the voided permit or proper label shall be attached to the deer. Deer may be possessed and transported only by the taker until reported through the Telecheck Harvest Reporting System. All deer taken shall be accurately reported by the taker or in the taker's immediate presence through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken. The Telecheck confirmation number shall be recorded immediately on the deer hunting permit. The deer shall remain intact or as a field-dressed carcass until the deer is reported through the Telecheck Harvest Reporting System. All deer shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state. After reporting through the Telecheck Harvest Reporting System, deer may be possessed, transported, and stored by anyone when labeled with the permit or any label that includes the full name and address of the taker, date taken, and Telecheck confirmation number.

(11) Deer (or parts thereof) reported in accordance with established procedures, when labeled with the full name and address of the taker, the date taken, and the Telecheck confirmation number of the deer, may be possessed, transported, and stored by anyone. Commercially processed deer meat may be donated to not-for-profit charitable organizations under guidelines established by the director.

3 CSR 10-7.432 Deer: Archery Hunting Season

(1) The archery deer hunting season is September 15 through January 15, excluding the November portion of the firearms deer hunting season. Use archery methods only; firearms may not be possessed except any person may carry concealable firearms, as defined in Chapter 571, RSMo, on or about his/her person while hunting. Firearms possessed under this exception may not be used to take wildlife while archery hunting.

(2) Archery Deer Hunting Permits.

(A) Resident or Nonresident Archer's Hunting Permit. Valid for two (2) deer statewide, except that only one (1) antlered deer may be taken prior to the November portion of the firearms deer hunting season.

(B) Resident or Nonresident Archery Antlerless Deer Hunting Permit. Valid for one (1) antlerless deer in any open county. Persons may purchase and fill any number of these permits, where valid. A Nonresident Archer's Hunting Permit must be purchased before purchasing Nonresident Archery Antlerless Deer Hunting Permits.

3 CSR 10-7.433 Deer: Firearms Hunting Season

(1) The firearms deer hunting season is comprised of seven (7) portions.

(A) Antlerless portions: October 11 through 13, 2024, and December 7 through 15, 2024; use any legal deer hunting method to take antlerless deer in Adair, Audrain, Barry, Barton, Bates, Benton, Bollinger, Boone, Buchanan, Caldwell, Callaway, Camden, Cape Girardeau, Carroll, Cass, Cedar, Chariton, Christian, Clark, Clay, Clinton, Cole, Cooper, Crawford, Dade, Dallas, Daviess, DeKalb, Dent, Douglas, Franklin, Gasconade, Gentry, Greene, Grundy, Harrison, Henry, Hickory, Howard, Howell, Jackson, Jasper, Jefferson, Johnson, Knox, Laclede, Lafayette, Lawrence, Lewis, Lincoln, Linn, Livingston, Macon, Madison, Maries, Marion, McDonald, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Newton, Oregon, Osage, Ozark, Perry, Pettis, Phelps, Pike, Platte, Polk, Pulaski, Putnam, Ralls, Randolph, Ray, Reynolds, Ripley, Saline, Schuyler, Scotland, Shannon, Shelby, St. Charles, St. Clair, St. Francois, St. Louis, Ste. Genevieve, Stone, Sullivan, Taney, Texas, Vernon, Warren, Washington, Webster, Worth, and Wright counties.

(B) Youth portions: November 2 through 3, 2024, and November 29 through December 1, 2024; for persons at least six (6) but not older than fifteen (15) years of age; use any legal deer hunting method to take one (1) deer statewide during the November 2 through 3, 2024, portion; use any legal deer hunting method to take deer statewide during the November 29 through December 1, 2024, portion.

(C) November portion: November 16 through 26, 2024; use any legal deer hunting method to take deer statewide.

(D) CWD portion: November 27 through December 1, 2024; use any legal deer hunting method to take deer in Adair, Audrain, Barry, Barton, Bollinger, Boone, Caldwell, Camden, Carroll, Cedar, Chariton, Christian, Clark, Clay, Clinton, Cole, Crawford, Dallas, Dent, Douglas, Franklin, Gasconade, Greene, Grundy, Hickory, Howard, Howell, Jasper, Jefferson, Knox, Laclede, Lewis, Linn, Livingston, Macon, Madison, Maries, McDonald, Mercer,

Monroe, Montgomery, Newton, Oregon, Osage, Ozark, Pemiscot, Perry, Phelps, Polk, Pulaski, Putnam, Randolph, Ray, Ripley, Saline, Schuyler, Scotland, Shannon, Shelby, St. Charles, St. Clair, St. Francois, Ste. Genevieve, Stone, Sullivan, Taney, Vernon, Warren, Washington, and Webster counties.

(E) Alternative methods portion: December 28, 2024, through January 7, 2025; use muzzleloader and archery methods, crossbows, atlatl, handguns, and air-powered guns as defined in 3 CSR 10-7.431 to take deer statewide.

(2) Firearms Deer Hunting Permits.

(A) Resident or Nonresident Firearms Any-Deer Hunting Permit: valid for one (1) deer statewide, except that only antlerless deer may be taken during the antlerless portions of the season.

(B) Resident or Nonresident Firearms Antlerless Deer Hunting Permit: valid for one (1) antlerless deer in any open county. Persons may purchase any number of these permits and fill them where valid. A Nonresident Firearms Any-Deer Hunting Permit, Nonresident Landowner Firearms Any-Deer Hunting Permit, or a Nonresident Managed Deer Hunting Permit must be purchased before purchasing Nonresident Firearms Antlerless Deer Hunting Permits.

(3) Other wildlife may be hunted during the firearms deer hunting season except as further restricted in this section—

(A) During the November portion statewide and the antlerless and CWD portions in open counties, other wildlife (except furbearers) may be hunted only with pistol, revolver, or rifle firing a .22 caliber or smaller rimfire cartridge, or a shotgun and shot not larger than No. 4; except that waterfowl hunters, trappers, or landowners on their land may use other methods as specified in 3 CSR 10-7.410(1)(H); and except that elk hunters may use other methods as specified in 3 CSR 10-7.700(4) during the firearms portion of the elk season;

(B) During the November portion statewide and the antlerless and CWD portions in open counties, furbearers may be hunted within the established furbearer hunting seasons during daylight hours using any legal deer hunting method by persons holding an unfilled firearms deer hunting permit, and—

1. A Resident Small Game Hunting Permit; or

2. A Nonresident Furbearer Hunting and Trapping Permit;

(C) Furbearers may not be chased, pursued, or taken with the aid of dogs during daylight hours from November 1 through the end of the November portion statewide and the antlerless and CWD portions in open counties; and

(D) Squirrels and rabbits may not be chased, pursued, or taken with the aid of dogs during daylight hours of the November portion in Butler, Carter, Dent, Iron, Madison, Oregon, Reynolds, Ripley, Shannon, and Wayne counties.

(4) Feral hogs may be taken in any number during the firearms deer hunting season as follows:

(A) Hunters must possess a valid small game hunting or unfilled firearms deer hunting permit and abide by the methods of pursuit allowed for deer as well as any other restrictions that may apply on specific public areas;

(B) During the November portion statewide and the antlerless and CWD portions in open counties—

1. Firearms deer permittees may only use methods allowed for deer;

2. Small game permittees may only use pistol, revolver, or rifle firing a .22 caliber or smaller rimfire cartridge, or a shotgun with shot not larger than No. 4; and

3. Dogs may not be used;

(C) During the youth and alternative methods portions—

1. Deer permittees may only use methods allowed for deer; and

2. Small game permittees may only use methods allowed for small game; and

(D) Resident landowners on qualifying land are not required to have any permit and may use any method to take feral hogs throughout the year.

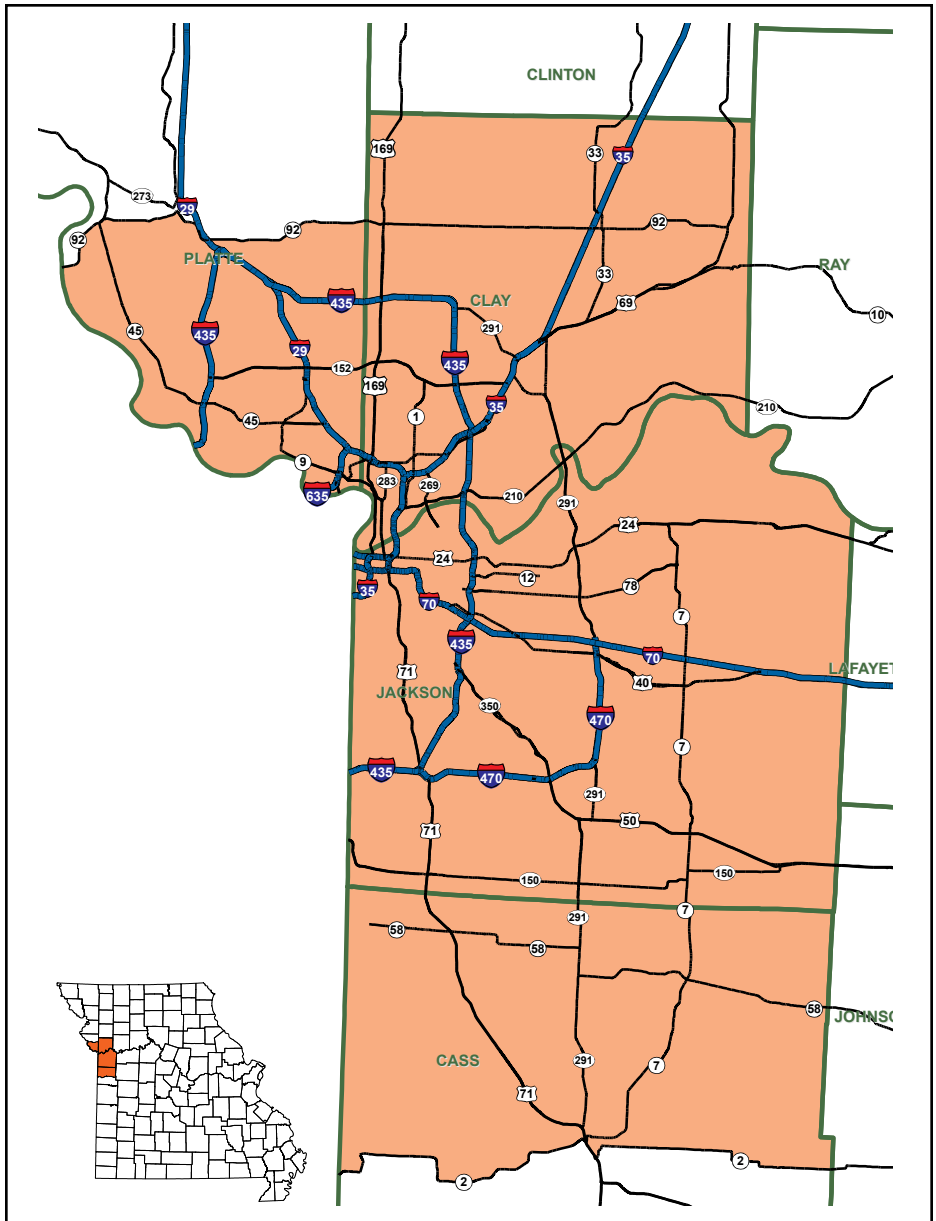

3 CSR 10-7.434 Deer: Landowner Privileges

(1) Resident and nonresident landowners as defined in 3 CSR 10-20.805 may obtain landowner deer hunting permits from any permit vendor, but only after application to and approval by the department in accordance with 3 CSR 10-7.412.

(A) Approved resident landowners may obtain the following permits at no-cost: one (1) Resident Landowner Firearms Any-Deer Hunting Permit, one (1) Resident Landowner Archer's Hunting Permit, and, if property is in a county in which Archery Antlerless Deer Hunting Permits can be used, two (2) Resident Landowner Archery Antlerless Deer Hunting Permits.

(B) In addition to the permits listed in subsection (1)(A), approved resident landowners with seventy-five (75) or more acres located in a single county or at least seventy-five (75) continuous acres bisected by a county boundary may obtain a maximum of two (2) no-cost Resident Landowner Firearms Antlerless Deer Hunting Permits. Resident landowners with at least seventy-five (75) acres in more than one (1) county must comply with landowner antlerless deer limits for each county.

1. Approved resident landowners of at least seventy-five (75) acres

Kansas City Urban Zone

- Portion of Platte County south of Hwy. 92
- Portion of Cass County north of Route 2
- All of Clay and Jackson counties

may obtain one (1) no-cost Landowner Antlerless Deer Hunting Permit in the counties of: Andrew, Atchison, Butler, Carter, Dunklin, Holt, Iron, Mississippi, New Madrid, Nodaway, Pemiscot, Scott, Stoddard, and Wayne.

2. Approved resident landowners of at least seventy-five (75) acres may obtain two (2) no-cost Landowner Antlerless Deer Hunting Permits in the counties of: Adair, Audrain, Barry, Barton, Bates, Benton, Bollinger, Boone, Buchanan, Caldwell, Callaway, Camden, Cape Girardeau, Carroll, Cass, Cedar, Chariton, Christian, Clark, Clay, Clinton, Cole, Cooper, Crawford, Dade, Dallas, Daviess, DeKalb, Dent, Douglas, Franklin, Gasconade, Gentry, Greene, Grundy, Harrison, Henry, Hickory, Howard, Howell, Jackson, Jasper, Jefferson, Johnson, Knox, Laclede, Lafayette, Lawrence, Lewis, Lincoln, Linn, Livingston, Macon, Madison, Maries, Marion, McDonald, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Newton, Oregon, Osage, Ozark, Perry, Pettis, Phelps, Pike, Platte, Polk, Pulaski, Putnam, Ralls, Randolph, Ray, Reynolds, Ripley, Saline, Schuyler, Scotland, Shannon, Shelby, St. Charles, St. Clair, St. Francois, St. Louis, Ste. Genevieve, Saline, Schuyler, Scotland, Shelby, Stone, Sullivan, Taney, Texas, Vernon, Warren, Washington, Webster, Worth, and Wright.

(C) Approved nonresident landowners may purchase the following reduced-cost Nonresident Landowner Deer Hunting Permits: one (1) Nonresident Landowner Firearms Any-Deer Hunting Permit and one (1) Nonresident Landowner Archer's Hunting Permit.

(2) All landowner deer hunting permits are valid only on qualifying property. Regardless of department approval to obtain or purchase landowner permits, all landowner deer hunting permits are valid only if the holder is a Resident or Nonresident Landowner as defined in 3 CSR 10-20.805 at the time the permit is used.

(3) All landowners who take deer on landowner permits may also purchase and fill other deer hunting permits but must abide by seasons, limits, and restrictions. A landowner may take only two (2) antlered deer during the archery and firearms deer hunting seasons combined, with no more than one (1) antlered deer taken during the firearms deer season and only one (1) antlered deer may be taken prior to the November portion of the firearms deer hunting season.

(4) In the case of corporate ownership of land, persons defined as landowners include Missouri residents who are:

(A) General partners of resident limited liability partnerships, limited partnerships, or limited liability limited partnerships, and general partners of general partnerships formed by written agreement;

(B) Officers of resident or foreign corporations;

(C) Managing members of resident limited liability companies; or

(D) Officers of benevolent associations organized pursuant to Chapter 352 of the *Revised Statutes of Missouri*.

3 CSR 10-7.435 Deer: Special Harvest Provisions

(1) Only antlerless deer and antlered deer with at least one (1) antler having at least four (4) antler points may be taken in the counties of Andrew, Atchison, Bates, Benton, Buchanan, Callaway, the portion of Cass County not included in the Kansas City urban zone, Cooper, Daviess, DeKalb, Gentry, Harrison, Henry, Holt, Johnson, Lafayette, Lincoln, Marion, Miller, Moniteau, Morgan, Nodaway, Pettis, Pike, the portion of Platte County not included in the Kansas City urban zone, Ralls, and Worth. No other antlered deer may be taken.

(A) An antler point is at least one inch (1") long from base to tip.

(B) The end of the main beam is a point.

(2) These special provisions apply to all deer hunting seasons and permittees, except the provisions of this rule shall not apply to persons that are fifteen (15) years of age or younger on September 15 of the current year.

3 CSR 10-7.436 Deer: Managed Hunts

Additional deer may be taken at special managed deer hunts established annually by the department. A person may apply for and participate in only one (1) managed deer hunt during a permit year except that persons permanently confined to a wheelchair may participate in more than one (1) hunt. Persons selected to participate must purchase a Resident or Nonresident Managed Deer Hunting Permit and abide by rules established for the hunt.

3 CSR 10-7.437 Deer: Antlerless Deer Hunting Permit Availability

(1) Archery Deer Hunting Season.

(A) Resident and Nonresident Archery Antlerless Deer Hunting Permits are valid statewide.

(2) Firearms Deer Hunting Season.

(A) Resident and Nonresident Firearms Antlerless Deer Hunting Permits are not valid in the counties of: Atchison, Dunklin, Mississippi, New Madrid, and Pemiscot.

(B) Only one (1) Resident or Nonresident Firearms Antlerless Deer Hunting Permit per person may be filled in the counties of: Andrew, Butler, Carter, Holt, Iron, Nodaway, Reynolds, Scott, Stoddard, and Wayne.

(C) Only two (2) Resident or Nonresident Firearms Antlerless Deer Hunting Permits per person may be filled in the counties of: Bollinger, Buchanan, Clinton, Dade, DeKalb, Lawrence, Madison, Shannon, and Texas.

(D) Only four (4) Resident or Nonresident Firearms Antlerless Deer Hunting Permits per person may be filled in the counties of: Adair, Audrain, Barry, Barton, Bates, Benton, Boone, Caldwell, Callaway, Camden, Cape Girardeau, Carroll, Cass, Cedar, Chariton, Christian, Clark, Clay, Cole, Cooper, Crawford, Dallas, Daviess, Dent, Douglas, Franklin, Gasconade, Gentry, Greene, Grundy, Harrison, Henry, Hickory, Howard, Howell, Jackson, Jasper, Jefferson, Johnson, Knox, Laclede, Lafayette, Lewis, Lincoln, Linn, Livingston, Macon, Maries, Marion, McDonald, Mercer, Miller, Moniteau, Monroe, Montgomery, Morgan, Newton, Oregon, Osage, Ozark, Perry, Pettis, Phelps, Pike, Platte, Polk, Pulaski, Putnam, Ralls, Randolph, Ray, Ripley, Saline, Schuyler, Scotland, Shelby, St. Charles, St. Clair, St. Francois, St. Louis, Ste. Genevieve, Stone, Sullivan, Taney, Vernon, Warren, Washington, Webster, Worth, and Wright.

3 CSR 10-7.438 Deer: Regulations for Department Areas

Deer may be hunted on lands owned or leased by the department and on lands managed by the department under cooperative agreement as authorized in the current *Fall Deer & Turkey Hunting Regulations and Information* booklet, which is incorporated in this Code by reference. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at **www.missouriconservation.org**. This rule does not incorporate any subsequent amendments or additions.

3 CSR 10-7.455 Turkeys: Seasons, Methods, Limits

(1) Turkeys may be pursued, taken, killed, possessed, or transported only as permitted in this rule.

(A) Spring Season. A person possessing the prescribed turkey hunting permit may take two (2) male turkeys or turkeys with visible beards from April 15 through May 5, 2024; provided only one (1) turkey may be taken before April 22, 2024, and only one (1) turkey may be taken per day. A turkey taken during a managed hunt will count towards an individual's spring season bag limit. Turkeys may be taken only by shotgun, with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs (except for the recovery of wounded turkey as specifically authorized by 3 CSR 10-7.410), bait, electronic calls, or live decoys; from one-half (1/2) hour

before sunrise to 1:00 p.m. Central Daylight Time (CDT) on public lands and from one-half (1/2) hour before sunrise to sunset on private lands. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(B) Fall Season. The fall season is comprised of two (2) portions. A person possessing the prescribed turkey hunting permit may take only two (2) turkeys of either sex during the fall season.

1. Archery Portion: September 15 through January 15, excluding the dates of the November portion of the firearms deer season. Turkeys may be taken only by atlatls, bows, and crossbows; without the use of dogs (except for the recovery of wounded turkey as specifically authorized by 3 CSR 10-7.410), bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset. Possession of electronic calls is prohibited while hunting turkeys.

2. Firearms Portion: October 1 through October 31 in all counties except Dunklin, McDonald, Mississippi, New Madrid, Newton, Pemiscot, and Scott. Turkeys may be taken only by shotgun, with shot no larger than No. 4; without the use of dogs (except for the recovery of wounded turkey as specifically authorized by 3 CSR 10- 7.410), bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

3. A person, while in the act of pursuing or hunting turkey during the fall season, shall not have both a firearm and an atlatl, bow, or crossbow on his/her person except any person may carry concealable firearms, as defined in Chapter 571, RSMo, on or about his/her person while hunting. Firearms possessed under this exception may not be used to take wildlife.

(C) Youth Spring Season. The two-(2-) day youth spring season will be from April 6 through April 7, 2024. Any person possessing the prescribed turkey hunting permit and who is at least six (6) but not older than fifteen (15) years of age on the opening day of the youth spring season may take only one (1) male turkey or turkey with visible beard during the youth spring season. A turkey harvested during the youth spring season will count towards an individual's spring season bag limit; individuals hunting under the prescribed turkey hunting permit may not harvest a second bird before April 22, 2024. Turkeys may be taken only by shotgun with shot no larger than No. 4, atlatl, crossbow, or bow; without the use of dogs (except for the recovery of wounded turkey as specifically authorized by 3 CSR 10-7.410), bait, electronic calls, or live decoys; from one-half (1/2) hour before sunrise to sunset. Possession of electronic calls or shotshells loaded with shot larger than No. 4 is prohibited while hunting turkeys.

(2) Hunters who take a turkey shall void their permit immediately by notching the month and date of harvest and shall keep the turkey separate or distinctly identifiable from turkeys taken or possessed by another. When the turkey is not personally attended and prior to reporting through the Telecheck Harvest Reporting System, the voided permit or proper label shall be attached to the turkey. Turkeys may be possessed and transported only by the taker until reported through the Telecheck Harvest Reporting System. All turkeys taken shall be accurately reported by the taker or in the taker's immediate presence through the Telecheck Harvest Reporting System by 10:00 p.m. on the day taken. The Telecheck confirmation number shall be recorded immediately on the turkey hunting permit. The head and plumage of the turkey shall remain intact until the turkey is reported through the Telecheck Harvest Reporting System. All turkeys shall be reported through the Telecheck Harvest Reporting System prior to processing or being removed from the state. After reporting through the Telecheck Harvest Reporting System, turkeys may be possessed, transported, and stored by anyone when labeled with the permit or any label that includes the full name and address of the taker, date taken, and Telecheck confirmation number.

(3) Bait shall mean grain or other feed placed or scattered so as to constitute an attraction or enticement to turkeys. An area shall be considered baited for ten (10) days following complete removal of the bait.

(4) Resident and nonresident landowners as defined in 3 CSR 10-20.805 may obtain landowner turkey hunting permits from any permit vendor, but only after application to and approval by the department in accordance with 3 CSR 10-7.412.

(A) Approved resident landowners may obtain the following permits at no-cost: one (1) Resident Spring Turkey Hunting Permit, one (1) Resident Landowner Archer's Hunting Permit, and one (1) Resident Fall Turkey Hunting Permit.

(B) Approved nonresident landowners may obtain the following permits at a reduced-cost: one (1) Nonresident Landowner Spring Turkey Hunting Permit, one (1) Nonresident Landowner Archer's Hunting Permit, and one (1) Nonresident Landowner Fall Turkey Hunting Permit.

(C) All landowner turkey hunting permits are valid only on qualifying property. Regardless of department

approval to obtain or purchase landowner permits, all landowner turkey hunting permits are valid only if the holder is a resident or nonresident landowner as defined in 3 CSR 10-20.805 at the time the permit is used.

(D) All landowners who take turkey on landowner permits may also purchase and fill other turkey hunting permits but must abide by seasons, limits, and restrictions.

(E) All landowners taking turkeys on a landowner turkey hunting permit shall report the turkeys through the Telecheck Harvest Reporting System as required in this rule.

(5) Any person who kills or injures any wild turkey shall make a reasonable effort to retrieve the turkey and include it in his/her season limit.

(6) Turkeys (or parts thereof) reported in accordance with established procedures, when labeled with the full name and address of the taker, the date taken, and the Telecheck confirmation number of the turkey, may be possessed, transported, and stored by anyone.

(7) Feral hogs may be taken in any number during the spring firearms turkey season and youth spring season only by the holder of a valid unused turkey hunting permit and only by methods and times prescribed for taking turkeys. During the fall firearms turkey season, feral hogs may be taken only by the holder of a valid, unused turkey hunting permit or a small game hunting permit and only by methods prescribed in Chapter 7 for taking wildlife and without the use of bait. Other restrictions may apply on public lands. Resident landowners as defined in this Code may take feral hogs on their own property at any time, by any method, and without permit.

3 CSR 10-4.135 Transportation

(1) Wildlife legally taken by sport hunting and fishing may be possessed and transported into, within, or out of this state as personal baggage of the taker, who has in his/her possession the required permit, or by other lawful possessor. Except for black bears, cervids, and turkeys taken in Missouri, persons possessing wildlife taken by another shall plainly label that wildlife with the full name, address, and permit number of the taker and the date taken, except that Missouri limits shall apply on Missouri waters unless otherwise provided by reciprocal agreement. Except as otherwise provided in this rule, black bears, cervids, and turkeys reported in accordance with established procedures, when labeled with the full name, address, date taken, and Telecheck confirmation number of the taker, may be possessed, transported, and stored by anyone.

(2) Any cervid taken from the wild in Chronic Wasting Disease Management Zone counties (see 3 CSR 10-4.200(1)) shall be reported through the Telecheck Harvest Reporting System as required by 3 CSR 10-7.431 prior to transporting the carcass (or parts thereof) outside the county of harvest. Carcasses (or parts thereof) from all cervids taken in Chronic Wasting Disease Management Zone counties that are transported outside the county of harvest shall be delivered to a licensed meat processor or taxidermist within forty-eight (48) hours of exit from the county of harvest, except—

(A) Meat that is cut and wrapped;

(B) Meat that has been boned out;

(C) Quarters or other portions of meat with no part of the spinal column or head attached;

(D) Hides from which all excess tissue has been removed;

(E) Antlers;

(F) Antlers attached to skull plates or skulls cleaned of all muscle and brain tissue;

(G) Upper canine teeth;

(H) Finished taxidermy products; and

(I) Heads may be delivered to any department disease surveillance sampling station or department-approved disease surveillance sampling station within forty-eight (48) hours of exit from the county of harvest except as required by 3 CSR 10-4.200(3).

(3) Wildlife legally taken and exported from another state or country may also be shipped into Missouri by common carrier, except cervid carcasses (or parts thereof). Cervid carcasses (or parts thereof) taken from or obtained outside of Missouri may not be imported, transported, or possessed in Missouri, except—

(A) Meat that is cut and wrapped;

(B) Meat that has been boned out;

(C) Quarters or other portions of meat with no part of the spinal column or head attached;

(D) Hides from which all excess tissue has been removed;

(E) Antlers;

(F) Antlers attached to skull plates or skulls cleaned of all muscle and brain tissue;

(G) Upper canine teeth;

(H) Finished taxidermy products; and

(I) Head with cape and not more than six inches (6") of neck attached, only if taken to a licensed taxidermist within forty-eight (48) hours of entry.

(4) In addition to personal transportation, legally possessed commercial fish, frogs, cervid hides, squirrel and rabbit pelts, furbearer pelts and carcasses, and black bear pelts may be shipped by mail, express and freight, when truly labeled with the names and addresses of shipper and addressee, shipper's permit number, or Telecheck confirmation number, as required, and the contents of each package. Wildlife breeders, taxidermists, fur dealers, and tanners may ship according to regulations specifically provided for such permittees. Wildlife shall not be accepted for shipment unless the shipper shall have complied with the provisions of this rule.

(5) Notwithstanding other provisions of this rule, the transportation of waterfowl and other migratory birds shall be in accordance with applicable federal regulations.

3 CSR 10-4.200 Chronic Wasting Disease; Management Zone

(1) For purposes of this section, a Chronic Wasting Disease (CWD) Management Zone will consist of designated counties within twenty-five (25) miles of a confirmed Chronic Wasting Disease-positive test result for any cervid. See the current *Fall Deer & Turkey Hunting Regulations and Information* booklet, hereby incorporated in this Code by reference for designated counties. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at **www.missouriconservation.org**. This rule does not incorporate any subsequent amendments or additions.

(2) Within a Chronic Wasting Disease (CWD) Management Zone, the placement of grain, salt products, minerals, and other consumable natural and manufactured products is prohibited. The following exceptions apply:

(A) Feed placed within one hundred (100) feet of any residence or occupied building; or

(B) Feed placed in such a manner to reasonably exclude access by deer; or

(C) Feed placed as part of a feral hog or CWD management effort authorized by an agent of the department; or

(D) Feed and minerals present solely as a result of normal agricultural or forest management or crop and wildlife food production practices.

(3) The head from any deer taken within a designated county of the Chronic Wasting Disease (CWD) Management Zone on the first Saturday and Sunday of the November portion of the deer firearms hunting season must be presented by the taker to a designated disease surveillance sampling station on the day taken. See the current *Fall Deer & Turkey Hunting Regulations and Information* booklet, hereby incorporated in this Code by reference, for designated counties and sampling station locations. This booklet is published annually in August by, and a printed copy can be obtained from, the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is also available online at **www.missouriconservation.org**. This rule does not incorporate any subsequent amendments or additions.

3 CSR 10-7.412 Landowner Application

(1) Resident and nonresident landowners as defined in 3 CSR 10-20.805 may apply for approval on a form provided by the department to obtain landowner deer and turkey hunting permits.

(2) Resident landowners as defined in 3 CSR 10-20.805 whose qualifying property is in Carter, Reynolds, or Shannon Counties may apply for approval to be eligible for the Resident Antlered Elk Hunting Permit(s) awarded to approved resident landowners as described in 3 CSR 10-7.710.

(3) Resident landowners as defined in 3 CSR 10-20.805 whose qualifying property is fully located in any Black Bear Management Zone may apply for approval to be eligible for the Resident Black Bear Hunting Permits awarded to approved resident landowners within the Bear Management Zone for which they are applying, as described in 3 CSR 10-7.905.

(4) This application shall include the applicant's name, date of birth, domicile address, phone number, conservation identification number, e-mail, property acreage, landowner type, type of corporate ownership (if applicable), and parcel identification for the qualifying property. All applicants must submit an individual application. A new application for approval to obtain landowner deer and turkey hunting permits or to establish eligibility for the bear and elk permits awarded to approved resident landowners must be submitted at least once every three (3) years or at any time when there is a change to any information required on the current application. Approval of applications received less than sixty (60) days prior to any deer or turkey hunting season or prior to any bear or elk hunt application period cannot be guaranteed. In addition to the application required by this rule, submission of proof of eligibility to receive landowner permits or for the bear or elk permits awarded to approved resident landowners may also be required by the department at any time. Failure to submit satisfactory proof of eligibility at the request of the department shall be sufficient cause for denial of an application or withdrawal of approval to obtain landowner deer or turkey hunting permits or to be considered for the bear or elk permits awarded to approved resident landowners.

3 CSR 10-20.805 Definitions

(This is a partial presentation of 3 CSR 10-20.805. The complete rule is available upon request from the Conservation Department and on the State of Missouri website at **www.sos.mo.gov/adrules/csr/current/3csr/3csr.asp.***)*

(1) For the purpose of this Code the following definitions shall govern unless a different meaning is stated or clearly evident from the context.

(2) Antlered deer: A deer having at least one (1) antler not less than three inches (3") long.

(5) Atlatl: A rod or narrow board-like device used to launch, through a throwing motion of the arm, a dart five to eight feet (5'–8') in length.

(8) Bow: A device drawn and held by hand and not fastened to a stock nor to any other mechanism that maintains

the device in a drawn position. This definition includes longbows, recurve bows, and compound bows.

(10) Cervid: All species of the deer family (family Cervidae) including those commonly known as white-tailed, mule, fallow, sika, red, musk, Pere David's deer, moose, caribou, reindeer, elk, or wapiti, and all deer-hybrids.

(18) Crossbow: A device for discharging quarrels or bolts, formed of a bow set crosswise on a stock, usually drawn by means of a mechanism and discharged by release of a trigger.

(28) Firearms: Pistols, revolvers, and rifles propelling a single projectile at one (1) discharge including those powered by spring, air, or compressed gas, and shotguns not larger than ten (10) gauge.

(35) Handgun: Any firearm originally designed, made, and intended to fire a projectile (bullet) from one (1) or more barrels when held in one (1) hand, and having a short stock designed to be gripped by one (1) hand at an angle to and extending below the line of the bore(s), with a barrel less than sixteen inches (16") in length, measured from the face of the bolt or standing breech (excluding any muzzle device not permanently attached to the barrel), and an overall length less than twenty-six inches (26") as measured between the muzzle of the barrel and the rearmost portion of the firearm (excluding any pistol brace, muzzle device, or other firearm accessory not permanently attached to the firearm). The use of a pistol brace is specifically authorized, and a second hand may be used for support when firing.

(41) Managed deer hunt: A prescribed deer hunt conducted on a designated area for which harvest methods, harvest quotas, and numbers of participants are determined annually and presented in the deer hunting rules (3 CSR 10-7.431 and 3 CSR 10-7.436).

(45) Muzzleloading firearm: Any firearm capable of being loaded only from the muzzle; including any firearm capable of having the powder or propellant loaded from the breech, provided the bullet or projectile(s) is/are capable of being loaded only from the muzzle.

(46) Night vision equipment: Optical devices (that is, binoculars or scopes) using light amplifying circuits that are electrical or battery powered.

(47) Nonresident landowner: Any nonresident of Missouri who is the owner of at least seventy-five (75) acres in one (1) contiguous tract in the state of Missouri, or any member of the immediate household whose legal residence and domicile is the same as the nonresident landowner's for at least thirty (30) days last past. For the purposes of this definition, settlors, revocable, and permissible distributees are defined as found in section 456.1-103, RSMo. In the case of corporate ownership of land or land held in trust, persons defined as nonresident landowners include nonresidents of Missouri who are—

(A) General partners of resident or foreign limited liability partnerships, limited partnerships, or limited liability limited partnerships, and general partners of general partnerships formed by written agreement;

(B) Officers of resident or foreign corporations;

(C) Managing members of resident or foreign limited liability companies;

(D) Officers of benevolent associations organized pursuant to Chapter 352, RSMo;

(E) Settlors of a revocable trust; and

(F) Permissible distributees of an irrevocable trust.

(56) Resident landowner: Any Missouri resident who is the owner of at least five (5) acres in one (1) contiguous tract, or any member of the immediate household whose legal residence or domicile is the same as the landowner's for at least thirty (30) days last past, except ownership of at least twenty (20) acres in one (1) contiguous tract is required to qualify for resident landowner privileges to hunt bears, deer, elk, and turkey. For the purposes of this definition, settlors, revocable, and permissible distributees are defined as found in section 456.1-103, RSMo. In the case of corporate ownership of land or land held in trust, persons defined as resident landowners include residents of Missouri who are—

(A) General partners of resident or foreign limited liability partnerships, limited partnerships, or limited liability limited partnerships, and general partners of general partnerships formed by written agreement;

(B) Officers of resident or foreign corporations;

(C) Managing members of resident or foreign limited liability companies;

(D) Officers of benevolent associations organized pursuant to Chapter 352, RSMo;

(E) Settlors of a revocable trust; and

(F) Permissible distributees of an irrevocable trust.

(62) Take or taking: Includes killing, trapping, snaring, netting, or capturing in any manner, any wildlife or feral swine, and also refers to pursuing, molesting, hunting, wounding; or the placing, setting, or use of any net, trap, device, contrivance, or substance in an attempt to take; and every act of assistance to every other person in taking or attempting to take any wildlife or feral swine.

(64) Transport and transportation: All carrying or moving or causing to be carried or moved from one (1) point to another, regardless of distance, vehicle, or manner, and includes offering or receiving for transport or transit.

NOPPADOL PAOTHONG

After the Harvest

Whether you're using a traditional paper permit or the MO Hunting app, after harvesting a deer or turkey, you must notch your permit and Telecheck your game. Here's how.

Notch It

Immediately after harvesting a deer or turkey, you must notch your permit.

- To notch a paper permit, tear a small notch in the month and day of harvest on the permit.
- To notch a permit using the MO Hunting app, simply select the permit you wish to use from the list in the app, and follow the short, easy prompts on the screen.

Once you notch your permit, you may transport your deer or turkey within Missouri. Carcass movement regulations apply in CWD Management Zone counties. See pages 6–7.
Note: Notching is not the same as Telechecking. You still must Telecheck your deer or turkey by 10 p.m. on the day of harvest.

Tag It If You Leave It

As long as you stay with your harvested game, you don't need to attach a tag to it. But if you leave your deer or turkey unattended, you must attach a tag.

- If you have a paper permit, you can simply attach your notched permit to the deer or turkey. We recommend sealing the permit in a zip-top bag and attaching the bag with string, wire, or tape.
- If you're using the MO Hunting app, you must attach a label with your full name, address, permit number, and date of harvest to the deer or turkey.

Check It

You must Telecheck your deer or turkey by 10 p.m. on the day of harvest, before processing your game, or before you leave the state, whichever comes first. Deer harvested within the CWD Management Zone must be reported through Telecheck before leaving the county of harvest. See pages 6–7.

- If you're using a paper permit, follow the Telecheck instructions on Page 73. Write the confirmation number provided by Telecheck on your permit.
- If you're using the MO Hunting app, select your notched permit from the list on the screen, tap "Telecheck," and follow the prompts. Telecheck will upload a confirmation number directly to your mobile device.

After you've reported to Telecheck, your deer or turkey may be processed, stored, or transported by anyone as long as it is labeled with your full name, address, date taken, and Telecheck confirmation number. You may now transport your deer or turkey out of state. Be sure to check the regulations of other states regarding deer and turkey transportation. Carcass movement regulations apply in CWD Management Zone counties. See pages 6–7.

LES FORTENBERRY ILLUSTRATIONS

Things to Remember

NOPPADOL PAOTHONG

- Whole carcasses, heads, and certain other parts of deer harvested in the CWD Management Zone (see map on Page 7) may not be transported outside of the county of harvest except for carcasses delivered to a licensed meat processor within 48 hours or heads delivered to a licensed taxidermist or approved CWD sampling location within 48 hours. For a list of carcass parts that may be transported outside of a CWD Management Zone county, see Page 6.
- If you harvest a deer from designated counties in the CWD Management Zone during Nov. 16–17, 2024, you must take your deer (or the head) on the day of harvest to a mandatory CWD sampling station. See pages 6–12.
- Use the correct permit. Many hunters carry multiple permits while deer and turkey hunting, so check your permit carefully before notching it to make sure you're using the right one.
- Notching voids a permit. Do not notch your permit until you harvest a deer or turkey.
- Deer carcasses shall remain fully intact or field-dressed until they are reported through Telecheck. Turkeys must have their heads and plumage intact until they are reported through Telecheck.
- Deer and turkeys must be checked by 10 p.m. on the day they are harvested. Deer harvested within the CWD Management Zone must be reported through Telecheck before leaving the county of harvest. See pages 6–7.
- All deer and turkeys must be checked before they can be removed from Missouri.
- Only the person who harvested the deer or turkey may possess and transport the game before it has been checked.
- After checking, deer and turkeys may be possessed and transported by anyone, but must be labeled with the taker's permit or full name, address, date taken, and Telecheck confirmation number.
- Avoid duplicate Telecheck records. If you are given a Telecheck confirmation number, your checking information has been successfully received and recorded. If you're using a paper permit, write the confirmation number on the permit, and the checking process is complete. Do not try to check the same deer or turkey twice.

Properly disposing of deer carcasses helps prevent the spread of deer diseases, including CWD. Moving carcasses and leaving them on the land introduces the greatest risk for disease spread. You can do your part to ensure the health of Missouri's deer population by following these practices:

- Follow carcass movement restrictions. See Page 6.
- Dispose of all deer carcass remains in a certified landfill, or
- Bury the remains on the same property where the deer was harvested.

Telecheck

Information Needed to Telecheck Deer

When you Telecheck your deer, you will be asked a few short questions based on whether you are checking a doe or an antlered buck. The illustrations to the right show how to gather the measurements you will need. These measurements will help biologists gather information on the ages of deer harvested.

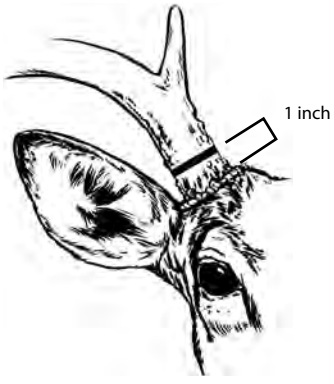

If You Are Checking a Doe

Measure from the inner corner of the eyeball to the upper edge of the nostril. Is the measurement greater than 4.5 inches?

If You Are Checking an Antlered Buck

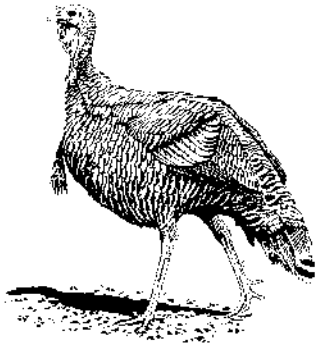

Measure the circumference of the antler (around the antler) 1 inch above the base. Is the measurement greater than 2.5 inches (about the circumference of a nickel)?

Note: Please plan to bring a tape measure or other measuring device with you afield.

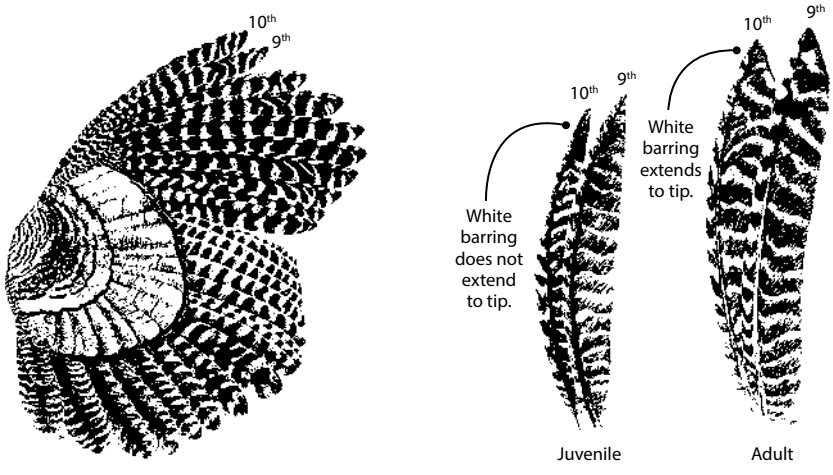

Information Needed to Telecheck Fall Turkeys

During checking, hunters will be asked the age and sex of their turkey. Monitoring the age and sex of harvested turkeys provides a valuable measure of the fall harvest.

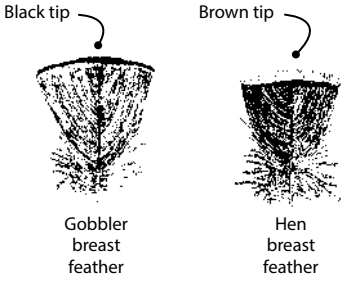

How to Age a Turkey

To age a turkey, look at the two outermost feathers on the wing (see below). The tips of the 9th and 10th primary feathers of a juvenile lack white barring. The 9th and 10th primary feathers of an adult have white barring extending to the tips.

How to Determine the Sex of a Turkey

Look at the lower half of the breast. Gobblers have black-tipped breast feathers. Hens have brown-tipped breast feathers.

All deer and turkeys must be Telechecked online, using the MO Hunting app, or by telephone. If you are calling Telecheck on your cellphone, be sure you have a clear signal. If the signal is spotty, move closer to a major highway, go to higher ground, or wait until you get to a land-based line to call. Avoid calling in areas with loud background noise.

You do not need to Telecheck immediately after harvesting a deer or turkey. **You have until 10 p.m. on the day taken to Telecheck your deer or turkey.**

Telecheck Using the MO Hunting App

Step 1: Select your notched permit from the list.
Step 2: Tap "Telecheck."
Step 3: Follow the prompts on the screen.
Telecheck will upload a confirmation number to your mobile device.

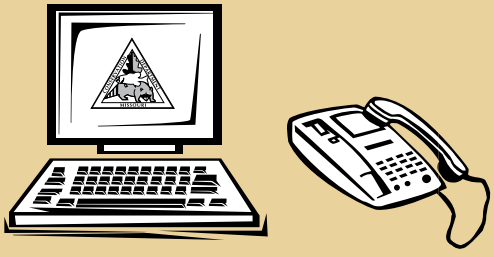

Telecheck Using a Phone or the Internet

Step 1: Before calling the toll-free number or going online, find your Telecheck ID number on your permit. **If you have more than one permit, be sure you give the number of the permit you want to use.** Get a pen so you will be able to write your Telecheck confirmation number on your permit.

Step 2: Fill out the form to the right, which contains the information you will be asked when you use Telecheck.

Step 3: Call 800-314-6828 or visit **mdc.mo.gov**, then follow the instructions. If you're using a phone, speak clearly and slowly. You can use Telecheck between 6 a.m. and 10 p.m.

Step 4: After you have provided the required information, you will be given a confirmation number that verifies you have legally checked your game. **Write this number on the permit.** You have now completed checking your game and can process your deer or turkey.

Telecheck
your deer or turkey at:
800-314-6828
or mdc.mo.gov

If checking a turkey, you will need:

- Your Telecheck ID number: _____
- Turkey type (To age and sex turkeys, see Page 72):
  - ☐ Adult gobbler
  - ☐ Adult hen
  - ☐ Juvenile gobbler
  - ☐ Juvenile hen
- County where turkey was taken: _____
- Did you harvest your turkey on public land? _____

If checking a deer, you will need:

- Your Telecheck ID number: _____
- Deer type:
  - ☐ Doe
  - ☐ Button buck
  - ☐ Antlered buck
- **If you're checking a doe:** Is the length from the inner corner of the eyeball to the upper edge of the nostril greater than 4.5 inches (see Page 72)? _____
- **Record the harvest of a buck as 0 points if the buck has:**
  - Shed its antlers
  - Small antlers with both beams shorter than 3 inches
  - Broken antlers off less than 3 inches from their base
    ____ total number of points 1 inch or longer
    (see how to count points on Page 13)
- **If you're checking an antlered buck:** Is the circumference of the antler 1 inch above the base more than 2.5 inches (see Page 72)? _____
- County where deer was taken: _____
- Did you harvest your deer on public land? _____

Share the Harvest

CLIFF WHITE

Share the Harvest helps deer hunters donate venison to those in need. The program is administered by the Conservation Federation of Missouri and the Conservation Department. Donating is easy. Simply take your deer to an approved Share the Harvest meat processor and let the processor know how much venison you wish to donate.

To learn more about Share the Harvest or to find a participating processor near you, visit **mdc.mo.gov/share**.

Donating Deer from the CWD Management Zone

Deer harvested from CWD Management Zone counties (see map on Page 7) can be donated only to processors participating in the Share the Harvest CWD Testing Program. For a list of these processors, visit **mdc.mo.gov/share**.

In addition, deer harvested from CWD Management Zone counties must be tested for CWD in order to be donated to Share the Harvest. If your deer has been tested before you arrive, you must present the CWD barcode number provided by the person that sampled your deer. If your deer was not sampled before you arrive, the head and a few inches of neck must be present.

Donating Deer Bound for a Taxidermist

To collect a CWD sample, processors will need to cut through the neck of your deer. If you want to keep the cape of your deer, you will need to make special arrangements, such as the following:

- Have a taxidermist cape your deer first, then deliver the caped head to the participating processor.
- Take your deer to a taxidermist that is participating in the CWD Testing Program (**mdc.mo.gov/cwd**) to have it sampled. Have them give you the CWD barcode before donating the deer to a participating processor.

Donating Deer if you Want to Keep the Head

Please note that some participating Share the Harvest processors are collecting deer heads for sampling by MDC. At these processors, you will not be able to keep the head. Call ahead before visiting a processor to verify you will be able to donate your deer to Share the Harvest and keep the head.

Why is CWD Testing Required for Share the Harvest in the CWD Management Zone?

CWD is a disease of deer, elk, and other members of the deer family. Although there have been no identified cases of CWD transmission to humans, the Centers for Disease Control and Prevention (CDC) recommends hunters take basic precautions. CWD testing requirements have been put in place for the CWD Management Zone to ensure that deer donated to Share the Harvest are tested in accordance with the CDC's recommendations.

Recommendations from the CDC:

- Hunters in areas known to have CWD should test their deer for CWD before eating meat from the deer.
- Deer that test positive for CWD should not be consumed.
- In general, if a deer looks or acts sick, it should not be consumed.

For more information, visit:

Jefferson City — Central Standard Time*

These tables are for Jefferson City and points on the same longitude north and south. For locations east, subtract one minute for each 13.5 miles of airline distance. For locations west, add one minute for each 13.5 miles. For example, St. Louis is 106 miles east: subtract 8 minutes; Kansas City is 133 miles west: add 10 minutes.

*Sunrise and sunset from Sept. 1 to Nov. 2 have been converted to daylight saving time.

Seasons at a Glance

Season	Dates	Methods	Required to Wear Hunter Orange
Archery Deer	Sept. 15–Nov. 15, 2024, and Nov. 27, 2024–Jan. 15, 2025	1, 2, 7	In open counties during the antlerless, youth, and CWD portions
Archery Turkey Portion	Sept. 15–Nov. 15, 2024, and Nov. 27, 2024–Jan. 15, 2025	1, 2, 7	In open counties during the antlerless, youth, and CWD portions
Firearms Turkey Portion	Oct. 1–31, 2024 (In open counties. See Page 28.)	1, 2, 7, 8	In open counties during the early antlerless portion
Firearms Deer Early Antlerless Portion	Oct. 11–13, 2024 (In open counties. See Page 31.)	1, 2, 3, 4, 5, 6, 7	Yes
Firearms Deer Early Youth Portion	Nov. 2–3, 2024	1, 2, 3, 4, 5, 6, 7	Yes
Firearms Deer November Portion	Nov. 16–26, 2024	1, 2, 3, 4, 5, 6, 7	Yes
Firearms Deer CWD Portion	Nov. 27–Dec. 1, 2024 (In open counties. See Page 34.)	1, 2, 3, 4, 5, 6, 7	Yes
Firearms Deer Late Youth Portion	Nov. 29–Dec. 1, 2024	1, 2, 3, 4, 5, 6, 7	Yes
Firearms Deer Late Antlerless Portion	Dec. 7–15, 2024 (In open counties. See Page 31.)	1, 2, 3, 4, 5, 6, 7	Yes
Firearms Deer Alternative Methods Portion	Dec. 28, 2024–Jan. 7, 2025	1, 2, 4, 5, 6, 7	Yes

Methods

1. Long, compound, or recurve bow
2. Atlatl
3. Centerfire rifle or shotgun (including .410) with slugs only
4. Centerfire handgun
5. Air-powered gun
6. Muzzleloader or cap-and-ball firearm .40 caliber or larger capable of firing only a single projectile
7. Crossbow
8. Shotgun only with shot not larger than No. 4

What's New for 2024?

- You can no longer use an archer's permit to take turkeys; you must use a fall turkey hunting permit. The fall turkey season is now divided into archery and firearms portions, and you may harvest only two turkeys (of either sex) during fall turkey season (both portions combined). See Page 28.
- Audrain, Boone, Cole, Dent, Douglas, Howard, Lewis, Maries, Monroe, Newton, Osage, Phelps, Randolph, Saline, Scotland, Shannon, Shelby, and Webster counties have been added to the CWD Management Zone. See Page 7.
- Audrain, Boone, Cole, Dent, Douglas, Howard, Lewis, Maries, Monroe, Newton, Osage, Phelps, Randolph, Saline, Scotland, Shannon, Shelby, and Webster counties are now open for hunting during the CWD portion of firearms deer season. See Page 34.
- During Nov. 16–17, 2024, hunters who harvest a deer in designated CWD Management Zone counties must take the deer (or its head) on the day of harvest to a mandatory CWD sampling station. See Page 7.
- The antler-point restriction has been removed from Audrain, Boone, Cole, Howard, Lewis, Maries, Monroe, Osage, Phelps, Randolph, Saline, Scotland, and Shelby counties. See Page 13.
- You may now fill four firearms antlerless permits in Dent, Douglas, Maries, Newton, and Phelps counties. See Page 23.
- You may now use archery antlerless permits in Dunklin, Mississippi, New Madrid, and Pemiscot counties. The addition of these counties means that archery antlerless permits may now be used statewide. See Page 26.
- New managed deer hunts have been added, and others have been removed or modified. See pages 36–44.
- Deer hunting regulations have changed for some conservation areas. See pages 46–59.
- You may now use drones (unmanned aerial vehicles) to track wounded deer and turkeys. See Page 5.
- Prices for deer and turkey hunting permits have increased to keep pace with the Conservation Department's rising costs for goods and services. See pages 22–25.
